THE COMPLETE  
NOVEL—FIRST TIME IN  
PRINT New York Times  
bestselling author Beth  
Kery ignites a red-hot  
romance like no  
other—where the rules  
of desire are broken,

night after intoxicating  
night... The moment  
Francesca and Ian met,  
the attraction was  
mutual, an exquisitely  
physical charge that  
ignited between them.  
To Ian, she was the  
kind of woman he  
couldn't resist. She  
was a true innocent. To  
Francesca, he was the  
kind of man she feared  
and desired—dark,  
extreme, commanding,

and forbidden. What happened between them couldn't be ignored—only indulged, evolving into an inescapable bond. From a private jet to an interlude in Paris, from a daring tryst in a public museum to the intimacy of a luxury hotel, Francesca and Ian come together whenever the need is aroused. But as their relationship grows more intense, Francesca discovers something about Ian—and herself—that forever changes the game and the players. It's something they never expected, something that sends both their lives spinning deliriously out of control . . .

**The Mister** Random House

Anne Creamer considered herself a youthful 49 until a photo of herself with her teenage daughter stopped her in her tracks. In one unguarded moment

she saw herself for what she really was -- a middle-aged woman with her hair dyed much too harshly. In that one moment Kreamer realized that she wasn't fooling anyone about her age and decided it was time to get real and embrace a more authentic life. She set out for herself a program to let her hair become its true color, and along the way discovered her true self. Going Gray is Kreamer's exploration of that experience, and a frank, warm and funny investigation of aging as a female obsession. Through interviews, field experiments, and her own everywoman's chronicle, Kreamer probes the issues behind two of the biggest fears aging

women face: Can I be sexually attractive as a gray-haired, middle-aged woman? Will I be discriminated against in the work world? Her answers will surprise you. In searching for the balance between attractiveness and authenticity, Kreamer's journey of middle-aging illuminates in a friendly, useful, and entertaining way the politics and personal costs of this generation's definition of "aging gracefully".

Willow Taylor lives in a castle with large walls and iron fences. But this is no ordinary castle. It's called Heartstone Psychiatric Hospital and it houses forty other patients. It has nurses with mean faces and techs with permanent frowns. It has a man, as well. A man who is cold and distant. Whose voice drips with authority. And whose piercing gray eyes hide secrets, and maybe linger on her face a second too long. Willow isn't supposed to look deep into those eyes. She isn't supposed to try to read his tightly-leashed emotions. Neither is

she supposed to touch herself at night, imagining his powerful voice and that cold but beautiful face. No, Willow Taylor shouldn't be attracted to Simon Blackwood at all. Because she's a patient and he's her doctor. Her psychiatrist. The medicine man.
