*The Complete Idiot's Guide to Grant Writing* Kar-Ben Publishing™  
 The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of

money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of

their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site *The Professor is In*, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right

The Professor Is In addresses all of these issues, and many more.

Confirmation Hearings on Federal Appointments Epigram Books

This report is the Committee's annual review of how the FCO is managing its resources, examining the departmental annual report for 2007-08 (Cm. 7398, ISBN 9780101739825). Chapters cover: new strategic framework; performance measurement; global network; essential services; FCO Services; personnel issues; transparency and openness; financial management; public diplomacy and communication; the British Council; the BBC World Service. The Committee is concerned that the FCO is facing serious financial pressures in this financial year due to the Treasury's withdrawal of its support for the Overseas Pricing Mechanism (OPM) which used to protect departments from the weakening of sterling. There is a risk that the FCO may not be able to meet higher international subscriptions over the next two financial years, causing its performance against Public Service Agreement targets to suffer. The likely increase in the UN Regular Budget and other international subscriptions will push this figure even higher. The FCO should have to shoulder the financial burden from within its already tight budget to pay for subscriptions which also benefit other Government departments. The Committee recommends that additional nondiscretionary costs should properly be met by the Treasury. 1001 Letters For All Occasions Thomas Nelson

Celebrate gratitude and simple ways of brightening others' days with this sweet, brightly illustrated story about a girl's letters. . . . and her town's overwhelming response. After a wonderful party, birthday girl Grace sits down to thank her friends and family for all their kind gifts.

But she doesn't stop there-- as she writes, Grace realizes there are so many things to be grateful for! So she thanks her teacher for helping her learn to write. She thanks her dog for his cheerful wagging tail. She even thanks the sky for being perfectly, beautifully blue. The Thank You Letter is perfect for starting conversations about gratitude-- both for tangible gifts and for the little things we don't always stop to appreciate. The sweet story encourages young readers to focus on positivity and share it-- to write letters of their own to family, friends, and loved ones and share their joys. For everyone who wants to encourage children to write thank you notes for gifts, and for everyone searching for new ways to connect with distant loved ones, The Thank You Letter is a perfect model for expressing gratitude-- and showcases the joyful response a simple gesture can create. When Grace returns home after delivering her notes, she finds a wealth of affection--cards, letters, and notes from her neighbors and friends, expressing their love for Grace and appreciation for her letters. A beautifully illustrated gatefold page shows how deeply her letters have touched the hearts of everyone around them, and Beloved storyteller and illustrator Jane Cabrera's vivid and textured acrylic paintings are filled with joyful cuteness and warmth. Collage elements, including patterns from the inside of envelopes, smartly add to the epistolary theme. This delightful celebration of mindful thankfulness and community togetherness is perfect for curling up in a cozy spot and sharing one-on-one.

There's a reason Alison Green has been called "the Dear Abby of the work world."
