The Melodica is one of the best educational instruments. The Melodica is light and portable The Melodica develops both keyboard skills and breath control The Melodica is perfect for group play The Melodica works like a clarinet The Melodica plays like a piano The Melodica sounds like a harmonica or an accordion This book is for kids or adults who are absolute beginners in music. We tried to write it as simply as possible. That is why we use an "easy-to-play" visual aid so any beginner can play music quickly. Neither kids nor their parents have to read sheet music or have a musical background. No previous knowledge is necessary. None at all. Every song has a large and simple, color and letter-coded visual, along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game, where children advance to higher levels themselves. There is a total of 22 songs and 3 options to help children to begin to play right away. **PLAYING BY COLOR** **CIRCLE PLAY BY LETTER** **PLAY WITH THE MUSICAL STAFF** The player can first follow the circles and then repeat with the classic note symbols and staff. The helpful letters are always above the notes. There are 3 parts in this book. They are equal to 3 levels. Level 1. Songs that are played in one octave. All songs here appear twice: once written with circles and the next time with classic music notes. This will help kids remember the staff notes. For example: Mary Had a Little Lamb - Ver 1 - CIRCLES Mary Had a Little Lamb - Ver 1 - NOTES Level 2. In this part, you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation. For example: Hot Cross Buns - Ver 1 - CIRCLES Hot Cross Buns - Ver 1 - NOTES Hot Cross Buns - Ver 2 - NOTES (Here the player will play songs in a different key and learn to transpose). Generally, the version of the song written with sheet music is a little bit more complex than a letter-coded version. Such versions already have music notations such as rests or beams, etc. You can find an illustrated explanation of the notation at the end of this book. Level 3. Here, the first two songs are versions of the same melody (different combinations of notes) written with circles and notes. This is important so that the beginner can see how the same melody can be played in

different keys. First of all, this book is addressed to newcomers to any keyboard instrument (such as Piano or Synthesizer, not only Melodica). Also, it is a perfect self-training guide for children and beginner adults to mastering the challenges of percussion instruments such as kalimba, marimba, xylophone, glockenspiel, or even color bell set.

This sheet music book will help you begin to play music simply and easily, with no required knowledge of reading notes. If you are a beginner, playing by notes can be difficult. It is easier to follow letters. Traditional Kalimba Tablature calls Tabs. Each tabs should match the number of tines on your kalimba. For example, if your kalimba has 8 tines, you need to search for "8-note kalimba tabs." Our sheet music is not Tabs and it is not for a specific kalimba, but it is universal and suitable for any 8-17 note kalimbas. Follow the letters... and begin to play! Even if you don't know musical notes, you will confidently be able to play easily using the letter notation! This book might include only letters and it will be enough to begin to play, but we decided to add classic note symbols to help teach them and show musical notation. All songs were adapted especially for the kalimba, which is a diatonic musical instrument and has no flat keys. Most songs will be played within one octave. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. List of songs adapted for kalimba: Part 1 Skip, Skip, Skip to My Lou Humpty Dumpty My Hat I like to Eat (Apples and Bananas) Cobbler, Mend My Shoe Lost My Gold Ring This Old Man Baby Bumble Bee The Bear Went Over the Mountain Cherry Blossom Ring Around the Rosie Rain, Rain, Go Away A Ram Sam Sam Little Jack Horner It's Raining Au Clair de la Lune Debka Hora Part 2 Baa Baa Black Sheep Twinkle, Twinkle, Little Star Alphabet Song.
