*A Critical Pronouncing
Dictionary and Expositor
of the English Language*
University of Michigan
Press

Typical of Walter's poems are the vibrant splashes of color, the driving meters, and the whirlpool of lush images. Even more striking are his references to a shared, pan-national human culture and his highly developed word-play. --J.M. Daniel.

A General Pronouncing

and Explanatory Dictionary of the English Language

State

The most important modern reference work for Middle English studies
SPIN Urban Renaissance
The average contemporary English speaker knows 50,000 words. Yet stripped down to its origins, this apparently huge vocabulary is in reality much smaller, derived from Latin, French and the Germanic languages. It is estimated that every

year, 800 neologisms are added to the English language: acronyms (nimby), blended words (motel), and those taken from foreign languages (savoir-faire). Laid out in an A-Z format with detailed cross references, and written in a style that is both authoritative and accessible, *Word Origins* is a valuable historical guide to the English language.

The Century Dictionary
Daniel & Daniel Publishers
Explore the timely topic of race and politics in Navi' Robins' new novel as a

school for underserved students winds up at the center of a national murder investigation. The Onyx Institute of Higher Learning, a luxurious and state of the art boarding school built far away from the horrors of inner-city gang violence and poverty, was built for children just like Malcolm. Onyx's purpose is to give at-risk African American and Hispanic children a new direction. After being open for ten years, Onyx boasts an astonishing 3.2 or higher GPA average and 100% graduation

rate. With more than twenty-five thousand at-risk children taken off the streets and attending the Onyx Institute annually, the U.S. has experienced a 42% violent crime rate reduction nationwide, making Onyx a beacon of hope for the violent inner cities of America. But some consider the Onyx Institute a training ground for homegrown terrorism, and the newly elected President has vowed to his conservative supporters to deal with the "Onyx Problem" swiftly. Tensions build

after the evidence of the murder investigation of a U.S. veteran implicates several students attending Onyx, creating a nationwide demand to close the boarding school forever. But the students of Onyx won't give up so easily, and soon the entire world will bear witness to the power of unity and hope in the hands of a new generation.
