Building on a rich past, this vibrant new style blends traditional country with a contemporary, light-filled mood. It is easy luxury and relaxed informality that marries the charm of nature with the convenience of modernity. A cheerful color palette combined with a greater emphasis on lighting and rooms that bring the outdoors inside, such as sun rooms, conservatories, and garden rooms, are some of the elements of Sun Country Style. For those

who actually prefer outdoor living, the style also emphasizes charmingly rustic porches, loggias, decks, terraces, patios, and gazebos. But the style is equally well suited to indoors. Stunning living rooms, dining rooms, and entries, airy bedrooms, sunny kitchens and baths are all a part of this eclectic new look, offering unlimited opportunity for personal expression. From furniture to flooring, textiles, accessories, lighting, wall coverings, and paint, all aspects of interior living are covered in exquisite detail—a breath of fresh country air.

The first in a new series that breathes freshness into interior and lifestyle books, *The New Country Style England* presents a wide array of rural retreats, seaside cottages, forest huts, and nature getaways. While the city home has undergone countless well-documented stylistic changes, there has been a quiet revolution going on in the countryside. The picture of pastoral perfection (think chintz) is being reinvigorated and modernized by the creativity of a new generation of owners, reflected in the stylish (and sometimes utterly unexpected) interiors of their homes. A converted neo-Gothic church is home to a contemporary furniture maker and his family, with Arne Jacobsen chairs in the dining

room, Pucci upholstery in the chapel, and a trampoline for the children in the nave. In Gloucestershire, a dark wooden bed from Lombok is tucked into the eaves of an old rectory, while a Venetian glass chandelier hangs in the dining room, and hand-painted Chinoiserie adorns the walls. The mix of colors and textures, palettes and patterns, and, most importantly, a commingling of eras all help to make this book a visual delight. The intrinsic value comes with the hundreds of photographs, an incredible juxtaposition of detail, and a handsome heft. *The New Country Style England* showcases interiors that redefine traditional country style with wit, fun, and modern taste. It's the rustic experience with a here-and-now twist!

The 1970s classic that sparked the homebrewing revolution in Vermont long before Heady Topper or Hill Farmstead, Vermont was already at the forefront of the American beer revolution. In the 1970s, the big-name brews like Bud and Coors ruled the roost, and homebrewed beer was still as illegal as moonshine. But a small group of Vermonters—people like Tim Matson and Lee Anne Dorr—weren't the kind to let a little thing like the law stop them from enjoying their own brews. They shared their concoctions with friends and family and then went a step farther: publishing the first homebrewer's guide since Prohibition and selling it out of the back of their truck. Now, forty years later, that groundbreaking book is back. Featuring a brand-new

introduction, Mountain Brew shows you how to produce homemade malt, grow your own hops, and keep away thirsty neighbors who want to steal your hooch. Through recipes and colorful stories from their day, let these Green Mountain boys (and girls) show you how to make better beer than you'd ever find at the local watering hole.

Authors Karen Witynski and Joe P. Carr navigated coastal villages and old colonial mining towns by bus and burro, bumping down narrow cobblestone streets in search of simple and utilitarian elements

like country tables, workbenches, storage trunks, corral gates, and heavy old doors. Intrigued by the diversity they encountered, the authors documented the wide variety in style, design, and shape of each object they encountered. Weathered coffee mortars, milking stools shaped like animals, and sculptured sugar molds reflect a rich local history as well as the ingenuity of the hands that crafted them. *Mexican Country Style* is the result of those fascinating journeys and boundless discoveries, a celebration of a rugged, romantic beauty and magical antiquity that continues to make its way into the contemporary interiors, gardens, and commercial settings across the country. Award-winning authors Karen Witynski and Joe P. Carr have been at the forefront of the Mexican design movement for over twenty-five years as interior designers and antiques dealers. Their Mexican design book series includes six titles: *Mexican Country Style*, *The New Hacienda*, *Casa Adobe*, *Adobe Details*, *Casa Yucatán*, and *Mexican Details*. Based in Austin, Texas, Carr and Witynski are the owners of Texture Antiques, an interior design firm and gallery specializing in hacienda style, Mexican colonial furniture, and architectural elements. Their design work has been featured in *Architectural Digest*, *House Beautiful*, and dozens of other magazines and newspapers. Individually, Witynski photographs homes and gardens for national publications and Carr is a hacienda consultant and furniture designer.
