Just a Short Story

Genre: Fantasi-Romance

**** Bagaimana jadinya
bila tanganmu memiliki
kekuatan ajaib yang bisa
memperbaiki apa saja?
Pastinya akan kesusahan
bila orang lain tahu.

Mereka pasti akan
memanfaatkanmu.
Karena itulah, aku mati-
matian untuk
menyembunyikan hal ini.
Aku tidak mau
dimanfaatkan orang lain
yang ingin disentuh oleh
kekuatan 'tangan' ajaibku.

Dreamland Japan Aizu
Publishing

With gorgeous,
electrifying manga-style
artwork and cool,
entertaining prose fiction,
this anthology--a
blockbuster hit in Japan--
mixes wickedly cool,
genre-bending short
stories by young authors
with illustrations by
established manga artists.
Young adult.

A New York Times Notable

Book "This is a supremely
hopeful book, one that
feels important because it
shows that happiness,
while not always easy, is
still a subject worthy of
art." —Brandon Taylor,
The New York Times Book
Review Japan's
internationally celebrated
master storyteller returns
with five stories of women
on their way to healing
that vividly portrays the
blissful moments and
everyday sorrows that
surround us in everyday
life First published in
Japan in 2003 and never
before published in the
United States, *Dead-End
Memories* collects the
stories of five women
who, following sudden
and painful events,
quietly discover their
ways back to recovery.
Among the women we
meet in *Dead-End
Memories* is one betrayed
by her fiancé who finds a
perfect refuge in an
apartment above her
uncle's bar while seeking
the real meaning of
happiness. In "House of
Ghosts," the daughter of a
yoshoku restaurant owner
encounters the ghosts of
a sweet elderly couple
who haven't yet realized
that they've been dead
for years. In "Tomo-chan's
Happiness," an office
worker who is a victim of
sexual assault finally

catches sight of the hope
of romance. Yoshimoto's
gentle, effortless prose
reminds us that one true
miracle can be as simple
as having someone to
share a meal with, and
that happiness is always
within us if only we take a
moment to pause and
reflect. Discover this
collection of what
Yoshimoto herself calls
the "most precious work
of my writing career."

Always Human

AtikaBooks

A fascinating illustrated look at various forms of Japanese popular culture: pop song, jazz, enka (a popular ballad genre of music), karaoke, comics, animated cartoons, video games, television dramas, films and "idols" -- teenage singers and actors. As pop culture not only entertains but is also a reflection of society, the book is also about Japan itself -- its similarities and differences with the rest of the world, and how Japan is changing. The book features 32 pages of manga plus 50 additional photos, illustrations, and shorter comic samples.

The Visual Narrative Reader J-Novel Club

A wide-ranging introductory guide for readers making their first steps into the world of manga, this book helps readers explore the full range of Japanese comic styles, forms and traditions from its earliest texts to the internationally popular comics of the 21st century. In an accessible and easy-to-navigate format, the book covers:

- The history of Japanese comics, from influences in early visual culture to the global 'Manga Boom' of the 1990s to the present
- Case studies of texts reflecting the range of

themes, genres, forms and creators, including Osamu Tezuka, Machiko Hasegawa and Katsuhiro Otomo · Key themes and contexts – from gender and sexuality, to history and censorship · Critical approaches to manga, including definitions, biography and reception and global publishing contexts The book includes a bibliography of essential critical writing on manga, discussion questions for classroom use and a glossary of key critical terms.

Doraemon - story of seasons Scarecrow Press

The thoroughly Revised & Updated 3rd Edition of "Olympiad Champs English Class 4 with Past Olympiad Questions" is a complete preparatory book not only for Olympiad but also for Class 4 English. The book is prepared on content based on National Curriculum Framework prescribed by NCERT. This new edition has been empowered with Past Questions from various Olympiad Exams like IEO, IOEL, GTSE, etc. in both the exercises of every chapter. Further the book Provides engaging content with the help of Teasers, Do You Know, Amazing Facts & Illustrations, which

enriches the reading experience for the children. The questions are divided into two levels Level 1 and Level 2. Level 2 comprises of questions based on techniques like matching, chronological sequencing, picture, passage and feature based, statement correct/ incorrect, integer based, puzzle, grid based, crossword, Venn diagram, table/ chart based and much more. Solutions and explanations are provided for all questions at the end of each chapter.

Olympiad Champs English Class 3 with Past Olympiad Questions 3rd Edition Emereo Publishing

"[A]n excellent book..." —The Economist Financial Times Asia editor David Pilling presents a fresh vision of Japan, drawing on his own deep experience, as well as observations from a cross section of Japanese citizenry, including novelist Haruki Murakami, former prime minister Junichiro Koizumi, industrialists and bankers, activists and artists, teenagers and octogenarians. Through

their voices, Pilling's *Bending Adversity* captures the dynamism and diversity of contemporary Japan. Pilling's exploration begins with the 2011 triple disaster of earthquake, tsunami, and nuclear meltdown. His deep reporting reveals both Japan's vulnerabilities and its resilience and pushes him to understand the country's past through cycles of crisis and reconstruction. Japan's survivalist mentality has carried it through tremendous hardship, but is also the source of great destruction: It was the nineteenth-century struggle to ward off colonial intent that resulted in Japan's own imperial endeavor, culminating in the devastation of World War II. Even the postwar economic miracle—the manufacturing and commerce explosion that brought unprecedented economic growth and earned Japan international clout might have been a less pure victory than it seemed. In *Bending Adversity* Pilling questions what was lost in the country's blind, aborted climb to #1. With the same rigor, he revisits 1990—the year the

economic bubble burst, and the beginning of Japan's "lost decades"—to ask if the turning point might be viewed differently. While financial struggle and national debt are a reality, post-growth Japan has also successfully maintained a stable standard of living and social cohesion. And while life has become less certain, opportunities—in particular for the young and for women—have diversified. Still, Japan is in many ways a country in recovery, working to find a way forward after the events of 2011 and decades of slow growth. *Bending Adversity* closes with a reflection on what the 2012 reelection of Prime Minister Shinzo Abe, and his radical antideflation policy, might mean for Japan and its future. Informed throughout by the insights shared by Pilling's many interview subjects, *Bending Adversity* rigorously engages with the social, spiritual, financial, and political life of Japan to create a more nuanced representation of the oft-misunderstood island nation and its people. The Financial Times "David Pilling quotes a visiting MP from northern England, dazzled by Tokyo's lights and

awed by its bustling prosperity: 'If this is a recession, I want one.' Not the least of the merits of Pilling's hugely enjoyable and perceptive book on Japan is that he places the denunciations of two allegedly "lost decades" in the context of what the country is really like and its actual achievements." The Telegraph (UK) "Pilling, the Asia editor of the Financial Times, is perfectly placed to be our guide, and his insights are a real rarity when very few Western journalists communicate the essence of the world's third-largest economy in anything but the most superficial ways. Here, there is a terrific selection of interview subjects mixed with great reportage and fact selection... he does get people to say wonderful things. The novelist Haruki Murakami tells him: "When we were rich, I hated this country"... well-written... valuable." Publishers Weekly (starred): "A probing and insightful portrait of contemporary Japan." *Doraemon: 6. A selection of fantastic stories* Disha Publications A classic work praised for its scope and intelligence, now in a gift edition for fans, with a new Foreword **Manga** A&C Black

□□□□□ GUEPEDIA

"This beautifully illustrated slice-of-life tale that shows two young women of color getting to know each other and creating a relationship is so warm and charming that readers will hardly notice how much they are learning about how to better interact with folx who are different from themselves and the importance of not making assumptions." -- Kirkus Reviews "...soft, expressive art adds a visceral charge to the couple's very human experiences, which range from excitement and affection to pain and doubt." -- Publisher's Weekly "This wholesome plot focuses on building understanding, offering mutual support, and budding self-acceptance, as well as the importance of asking rather than making assumptions; avoiding othering; and regarding all those in one's orbit with compassion...A charming, sensitive story of love and acceptance." --School Library Journal " In a technologically advanced near future, two young women bumble through

their first dates and fights together as they enjoy the exhilaration of new love....Always Human by Ari North is an endearingly feel-good sapphic romance set against a diverting futuristic backdrop." -- Samantha Zaboski, Shelf Awareness First serialized on the popular app and website WebToon, Always Human ran from 2015-2017 and amassed over 76,000 unique subscribers during its run. Now reformatted for a print edition in sponsorship with GLAAD, Always Human is a beautifully drawn graphic novel about a developing relationship between two young women in a near-future, soft sci-fi setting. Always Human is drawn in a manga-influenced style and with an incredible color palette that leaps off the page! In the near-future, people use technology to give the illusion of all kinds of body modifications-but some people have "Egan's Syndrome," a highly sensitive immune system that rejects these "mods" and are unable to use them. Those who are affected maintain a "natural" appearance, reliant on cosmetics and hair dye at most to help them play with their

looks. Sunati is attracted to Austen the first time she sees her and is drawn to what she assumes is Austen's bravery and confidence to live life unmodded. When Sunati learns the truth, she's still attracted to Austen and asks her on a date. Gradually, their relationship unfolds as they deal with friends, family, and the emotional conflicts that come with every romance. Together, they will learn and grow in a story that reminds us no matter how technology evolves, we will remain . . . always human. Rendered in beautiful detail and an extraordinary color palette, Always Human is a sweet love story told in a gentle sci-fi setting by a queer woman cartoonist, Ari North.

Japan Pop: Inside the World of Japanese Popular Culture

Routledge

With our lives firmly controlled by the steady pace of time, humans have yearned for ways to escape its constraints, and authors have

responded with narratives about traveling far into the past or future, reversing the flow of time, or creating alternate universes where Napoleon was triumphant at Waterloo or the South won the Civil War. Writers ranging from Dante and Lewis Carroll to Philip K. Dick and Martin Amis have probed into the workings of time, and an overwhelming desire to master time reverberates throughout popular culture. This book considers how imaginative works involving time and time travel reflect ongoing scientific concerns and examine the human condition. The scope of the volume is unusually wide, covering such topics as Dante, the major novels of the 19th century, and stories and films of the 1990s. The book concludes with a lengthy bibliography of short stories and novels, films and television programs, and nonfiction works that feature time travel or speculations about time. With a roster of contributors that includes several of the field's major scholars, this book offers many new insights into this fascinating subject.

Doraemon - story of

seasons Notion Press
Volume 20 is a special collection of side stories. First up, Yurika announces that she's quitting cosplay or, at least, that's the impression the cosclub gets. Next, Sanae and Ruth do a little dream diving. After that, Maki confronts Theia about some unexplained expenses she's recording in the Satomi knights' ledger. Then lastly, Shizuka recruits the entire Corona House crew to help out with the cook-off at the cultural festival. The girls will cook while Koutarou judges, and the results are explosive to say the least.

The Arts in Children's

Lives Disha Publications

French science-fiction (SF) is as old as the French language. Cyrano de Bergerac wrote about a trip to the moon that was published back in 1657, as did Jules Verne in 1865, this time using hard, scientific facts. The first movie showing a trip to the moon was made by Georges Méliès in 1902. In the comics' format, Hergé had Tintin walk on the moon in 1954, 15 years before Neil Armstrong. These are just a few of the many unique French contributions to SF that rightly deserve to be better known. One of the

purposes of this collection is to introduce French SF to an English-speaking audience. Rediscovering French Science Fiction... first revisits proto science-fiction from authors like Cyrano de Bergerac and Jules Verne, before delving into contemporary science-fiction works from authors such as René Barjavel and Jacques Spitz. A contribution from preeminent SF author Élisabeth Vonarburg, from Québec, helps to understand the constraints and advantages of writing SF in French. A third section is devoted to French SF in movies and graphic novels, media where French creators have been recognized worldwide. This collection explores many aspects of French SF, including the genre's deep roots in popular culture, the influence of key authors on its historical development, and the form and function of science and fantasy, as well as the impact of films and graphic novels on the public perception of the genre's nature.
