NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. • Now an acclaimed FX limited series streaming on HULU. "Fantastic.... Right up there with *In Cold Blood* and *The Executioner's Song*." —San Francisco Chronicle Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and

unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

An immersive, gripping account of the rise and fall of Iran's glamorous Pahlavi dynasty, written with the cooperation of the late Shah's widow, Empress Farah, Iranian revolutionaries and US officials from the Carter administration In this remarkably human portrait of one of the twentieth century's most complicated personalities, Mohammad Reza Pahlavi, Andrew Scott Cooper traces the Shah's life from childhood through his ascension to the throne in 1941. He draws the turbulence of the post-war era during which the Shah survived assassination attempts and coup plots to build a modern, pro-Western state and launch Iran onto the world stage as one of the world's top five powers. Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba, who became a power in her own right, the beloved family they created, and an exclusive look at life inside the palace during the Iranian Revolution. Cooper's investigative account ultimately delivers the fall of the Pahlavi dynasty through the eyes of those who were there: leading Iranian revolutionaries; President Jimmy Carter and White House officials; US Ambassador William Sullivan and his staff in the American embassy in Tehran; American families caught up in the drama; even Empress Farah herself, and the rest of the Iranian

Imperial family. Intimate and sweeping at once, *The Fall of Heaven* recreates in stunning detail the dramatic and final days of one of the world's most legendary ruling families, the unseating of which helped set the stage for the current state of the Middle East.

The latest from Korean-American author Maija Rhee Devine, *THE VOICES OF HEAVEN* is a rare gem in English-language literature about Korea, a story that takes us deep into the devotion and secrets of a family living in Seoul at the cusp of the Korean War. A tale that spans decades, *THE VOICES OF HEAVEN* has been expertly woven together to reveal not only the injustices of unmitigated life circumstances but also the restorative power of truth and love. Maija Rhee Devine presents a stellar cast of empathetic characters to spin a tale that draws readers into the shadows of Korea's Confucian web that at once constrains and defines the powerful will of its people.

Unabridged (100% Original content) Font adjustments & biography included Illustrated About The Fall Of The House Of Usher: By Edgar Allan Poe The story begins with the unnamed narrator arriving at the house of his friend, Roderick Usher, having received a letter from him in a distant part of the country complaining of an illness and asking for his help. As he arrives, the narrator notes a thin crack extending from the roof, down the front of the building and into the lake. Although Poe wrote this short story before the invention of modern psychological science, Roderick's condition can be described according to its terminology. It includes a form of sensory overload known as hyperesthesia (hypersensitivity to textures, light, sounds, smells and tastes), hypochondria (an excessive preoccupation or worry about having a serious illness) and acute anxiety. It is revealed that Roderick's twin sister, Madeline, is also ill and falls into cataleptic, deathlike trances. The narrator is impressed with Roderick's paintings, and attempts to cheer him by reading with him and listening to his improvised musical compositions on the guitar. Roderick sings "The Haunted Palace", then tells the narrator that he believes the house he lives in to be alive, and that this sentence arises from the arrangement of the masonry and vegetation surrounding it.

This memoir by empress Farah Pahlavi looks back on her reign over an Iran so modern it is unrecognizable today--written just a few years before the Islamic Revolution of 1979. "Beautifully written, intelligent and insightful, the memoirs of Farah Diba Pahlavi open a window on the life of one of the great women of our time and offer a unique perspective on the extraordinary country over which she and her husband reigned before darkness fell." --Bob Colacello, founding editor Interview magazine At the time I wrote my memoir, I had no idea what was to come . . . Empress Farah Pahlavi was the first crowned empress of Iran, little did she know she would also be the last. This memoir was written in 1976, at the height of her reign on the glittering peacock throne. The candid words reveal her vision for a better Iran, without any idea of what history would bring--the end of the fairy tale. Farah Pahlavi helped usher in a modern Iran now lost to the sands of time.

From the author of the acclaimed *Dinner with Persephone* comes a radically original novel about four women who invite us to imagine the divine anew: what if "a woman's point of view" were also God's? Patricia Storace's *Eve* begins by telling us her version of what happened in Eden, and by revealing that our familiar constellations conceal other heavens we have never allowed ourselves to see. Each of the four subsequent chapters is the story of one of these new zodiacs, featuring images central to women: a knife, a cauldron, a garden, a pair of embracing lovers. The four women whose stories they tell are Job's daughter, the Queen of Sheba, a polytheistic cook, and a transformed Sarah, wife of Abraham. Storace brilliantly reimagines the worlds of these women, freeing them from the old tales in which they were trapped and putting them in the foreground of their stories and of the Old Testament itself.

A sweeping intellectual history of the role of wealth in the church in the last days of the Roman Empire Jesus taught his followers that it is easier for a camel to go through the eye of a needle than for a rich man to enter heaven. Yet by the fall of Rome, the church was becoming rich beyond measure. Through the Eye of a Needle is a sweeping intellectual and social history of the vexing problem of wealth in Christianity in the waning days of the Roman Empire, written by the world's foremost scholar of late antiquity. Peter Brown examines the rise of the church through the lens of money and the challenges it posed to an institution that espoused the virtue of poverty and called avarice the root of all evil. Drawing on the writings of major Christian thinkers such as Augustine, Ambrose, and Jerome, Brown examines the controversies and changing attitudes toward money caused by the influx of new wealth into church coffers, and describes the spectacular acts of divestment by rich donors and their growing influence in an empire beset with crisis. He shows how the use of wealth for the care of the poor competed with older forms of philanthropy deeply rooted in the Roman world, and sheds light on the ordinary people who gave away their money in

hopes of treasure in heaven. *Through the Eye of a Needle* challenges the widely held notion that Christianity's growing wealth sapped Rome of its ability to resist the barbarian invasions, and offers a fresh perspective on the social history of the church in late antiquity.

A politically driven graffiti artist. A transgender Christian convert. A blind girl who loves to dance. A queer daughter of a hijabi union leader. These are some of the young women who live in a Bangalore slum known as Heaven, young women whom readers will come to love in the moving,

atmospheric, and deeply inspiring debut, *A People's History of Heaven*. *Welcome to Heaven*, a thirty-year-old slum hidden between brand-new high-rise apartment buildings and technology incubators in contemporary Bangalore, one of India's fastest-growing cities. In Heaven, you will come to know a community made up almost entirely of women, mothers and daughters who have been abandoned by their men when no male heir was produced. Living hand-to-mouth and constantly struggling against the city government who wants to bulldoze their homes and build yet more glass high-rises, these women, young and old, gladly support one another, sharing whatever they can. *A People's History of Heaven* centers on five best friends, girls who go to school together,

a diverse group who love and accept one another unconditionally, pulling one another through crises and providing emotional, physical, and financial support. Together they wage war on the bulldozers that would bury their homes, and, ultimately, on the city that does not care what happens to them. This is a story about geography, history, and strength, about love and friendship, about fighting for the people and places we love—even if no one else knows they exist. Elegant, poetic, bursting with color, Mathangi Subramanian's novel is a moving and celebratory story of girls on the cusp of adulthood who find joy just in the basic act of living.
