For the Strength of Youth Ten Speed Press
The National Bestseller
“Focused and persuasive... Bray’s book is many things: the first English-language transnational history of antifa, a how-to for would-be activists, and a record of advice from anti-Fascist

organizers past and present.”—THE NEW YORKER “Insurgent activist movements need spokesmen, intellectuals and apologists, and for the moment Mark Bray is filling in as all three... The book’s most enlightening contribution is on the history of anti-fascist efforts over the past century, but its most relevant for today is its justification for stifling speech and clobbering

white supremacists.”—Carlos Lozada, THE WASHINGTON POST “[Bray’s] analysis is methodical, and clearly informed by both his historical training and 15 years of organizing, which included Occupy Wall Street...Antifa: The Anti-Fascist Handbook couldn’t have emerged at a more opportune time. Bray’s arguments are incisive and cohesive, and his

consistent refusal to back down from principle makes the book a crucial intervention in our political moment.”—SAN FRANCISCO CHRONICLE

In the wake of tragic events in Charlottesville, VA, and Donald Trump's initial refusal to denounce the white nationalists behind it all, the "antifa" opposition movement is suddenly appearing everywhere. But what is it, precisely? And where did it come from? As long as there has been fascism, there has been anti-fascism — also known

as “antifa.” Born out of resistance to Mussolini and Hitler in Europe during the 1920s and '30s, the antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt-right. They could be seen in news reports, often clad all in black with balaclavas covering their faces, demonstrating at the presidential inauguration, and on California college campuses protesting far-right speakers, and most recently, on the streets of

Charlottesville, VA, protecting, among others, a group of ministers including Cornel West from neo-Nazi violence. (West would later tell reporters, "The anti-fascists saved our lives.") Simply, antifa aims to deny fascists the opportunity to promote their oppressive politics, and to protect tolerant communities from acts of violence promulgated by fascists. Critics say shutting down political adversaries is anti-democratic; antifa adherents argue that the

horrors of fascism must never be allowed the slightest chance to triumph again. In a smart and gripping investigation, historian and former Occupy Wall Street organizer Mark Bray provides a detailed survey of the full history of anti-fascism from its origins to the present day — the first transnational history of postwar anti-fascism in English. Based on interviews with anti-fascists from around the world, Antifa details the tactics of the movement and the philosophy behind

it, offering insight into the growing but little-understood resistance fighting back against fascism in all its guises. Off the Mic Melville House (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.  WILLIAM ADDISON
 DWIGGINS (1880-1956) was the most influential graphic designer of the early twentieth century. A master calligrapher and lettering artist, he was also one of the best type designers and typographers of his generation, a prolific and influential book designer and illustrator, an accomplished private press printer, a pioneer of advertising and editorial design, a noted author of both fiction and nonfiction, and a

marionettist whose contributions to that field are still revered today. This groundbreaking monograph provides the first full account of Dwiggins's remarkably creative spirit, invention, and wit. Over 1,200 illustrations -- all photographed with raking light and printed using stochastic screening for pop-off-the-page immediacy -- provide a vivid overview of his career, revealing Dwiggins's phenomenal range and originality.

What is it to be a stand-up comedian? To be funny, solo? You have no character-role, no double-act partner, and nowhere to look but out into the darkness, with just a microphone, an audience and your imagination. This is a job without an annual appraisal; a job where you are publicly appraised every ten seconds. The results are harsh and obvious: if the audience isn't laughing, you 'died'; if they can't

stop, you 'killed'. Deborah Frances-White and Marsha Shandur unpack the inner-workings of the minds of comics, sharing their secrets, insecurities and successes; their bêtes noires and their biggest fears. Featuring interviews with a host of comedians including Eddie Izzard, Moshe Kasher, Sarah Millican, Jim Jeffries, Stewart Lee, Lewis Black, Jenny Eclair, Todd Barry, Richard Herring, Marc Maron, Stephen K Amos, Rich Hall, Zoe Lyons, Marcus Brigstocke, Phill Jupitus,

Gary Delaney, Mark Watson, Greg Davies and many more, this excellent book lets you in to the hearts and minds of celebrated comedians, away from the stage and off the mic.

SetAnd more...Review from Coachtube about the Gun T RPO System: "Coach Simpson's Gun T Offensive Overview is an excellent offensive resource. This course provides the foundation of Coach Simpson's offensive philosophy. Coach believes in the monikers that "Less is More" and the "Rule of 3", which both were evident in the explanation of the offense. His explanations were clear and concise, and the presentations were easy to follow." - Todd Knipp" This is

absolutely amazing. Coach Simpson does an excellent job of explaining his system. Whether your a young coach or an experienced coach this is must see. You can easily see why he is a successful coach. His detail an organization is on point and I cannot wait to learn more from Coach Simpson." - Mike Kloes "I've been following coach Simpson for a while now and it's very clear to me that even though I may not be a HC, we have similar philosophies. If you are a Wing T guy looking

for ways to "Modernize" your offense, or a Spread guy looking for an effective and efficient run game this is the offense you should be looking at!" - Coach Sheffer "The course by Coach Simpson was quite helpful. As the new Head Coach of a small school - the Gun T system is going to help us be successful right away. Being a spread coach for the last 8-9 years, this system easily blends the best of both worlds of spread and wing-." -Mike Wilson "Coach Simpson's Gun-T Offense is dynamic

and efficient. This course gets into the foundation of building blocks of the Gun-T offense and what you are trying to do offensively to be as successful as possible." - Austin Pink "Amazing detail on numerous variations of attaching RPO's to your Bucksweep. A coaching manual focusing on small sided games has never been so relevant and applicable as it is today. The short and long term effects of the U.S. Soccer's Player Development initiatives are far reaching, impacting all youth clubs and coaches. Arguably the most significant decision in a decade, the youth soccer landscape is

changing rapidly for coaches and administrators. Prior to Fall season 2015 U.S. Soccer released details of its Player Development Initiatives, designed to improve the youth soccer landscape at the entry levels. By Fall 2017, more than 10,000 youth clubs, and countless leagues and associations across the U.S. are required to adopt these mandates. Coaching 4v4, 7v7 & 9v9 Small Sided Soccer - Volume 1 is an ideal resource for coaches working with 6-12 year

old players and includes 42 coaching activities expertly illustrated in black and white. Although these game formats are particularly for coaches teaching 4v4, 7v7 and 9v9 game formats, this manual is highly relevant to coaches, administrators, leaders and directors involved in youth soccer. In fact, you may find this program helpful to familiarize parents with small sided games. To assist coaches choose the right activity based on the ability and readiness of players, we

have included the 'Competency Matrix' from the NSCAA Player Development Curriculum. For each activity we have identified the most appropriate Stage/s of Development and listed the primary performance competencies. The manual supports the NSCAA 'Small Sided Games - 4v4, 7v7 and 9v9 Diploma', an eLearning program offered by NSCAA in 2015/16, featuring 4 presentations. To see the on-demand recordings of these presentations and to learn

more about NSCAA eLearning, visit www.NSCAA.com/eLearning. Five NSCAA Instructors contributed to this manual and they provide an abundance of coaching tips and their guidance to adapt the content to change the level of difficulty to more or less challenging. This is an excellent resource for an experienced and novice coach alike.

In the 7 Habits series,
international bestselling

author Stephen R. Covey showed us how to become as effective as it is possible to be. In his long-awaited new book, THE 8th HABIT, he opens up an entirely new dimension of human potential, and shows us how to achieve greatness in any position and any venue. All of us, Covey says, have within us the means for greatness. To tap into it is a matter of finding the right balance of four human attributes: talent, need, conscience and passion. At the nexus of these four attributes is

what Covey calls voice - the unique, personal significance we each possess. Covey exhorts us all to move beyond effectiveness into the realm of greatness - and he shows us how to do so, by engaging our strengths and locating our powerful, individual voices. Why do we need this new habit? Because we have entered a new era in human history. The world is a profoundly different place than when **THE 7 HABITS OF HIGHLY EFFECTIVE PEOPLE** was originally published in 1989. The

challenges and complexity we face today are of a different order of magnitude. We enjoy far greater autonomy in all areas of our lives, and along with this freedom comes the expectation that we will manage ourselves, instead of being managed by others. At the same time, we struggle to feel engaged, fulfilled and passionate. Tapping into the higher reaches of human genius and motivation to find our voice requires a new mindset, a new skill-set, a new tool-set - in short, a

whole new habit.
