The New Camp Cookbook VeloPress  
Forget hurrying. Forget putting your foot

down and racing through sweeping bends. Forget the understeer (whatever that is). Forget the blur of a life lived too fast. This is a look at taking life slowly. It's about taking the time to enjoy journeys and places for their own sake. It's about stopping and putting the kettle on. Stopping to take a picture. Stopping to enjoy stopping. How are you going to do it? In a camper van or a motorhome, of course. In this book we define the best driving routes around England and Wales for camper vans and motorhomes. We show you the coolest places to stay, what to see, what to do and explain why it's special. We meander around England and Wales on the most breathtaking roads, chugging up mountain passes and pootling along the coast. We show you stuff that's fun, often free. We include the best drives for different kinds of drivers; for surfers, wildlife watchers, climbers and walkers. We include the steepest, the bendiest, those with the most interesting bridges or views or obstacles, ferries and tidal causeways. And you don't even have to own a camper van or motorhome - we'll tell you the many places you can rent one to take you on the journey. All of this is interspersed with beautiful photos, handy maps and quirky travel writing from the king of camper vans and motorhomes, Martin Dorey. So if all you want to do is flick through it on a cold day and plan your next outing, you'll be transported (albeit slowly) to pastures, beaches, mountains and highways that make you want to turn the key and go, go, go!

Winemaking firefighters, a tree in a church, an inverted phallus at a well-known entrance, an atomic bomb shelter under Gare de l'Est, unsuspected traces of former brothels, a patron saint of

motorists, royal monograms hidden in the Louvre courtyard, the presentation of Christ's crown of thorns, a prehistoric merry-go-round, a sundial designed by Dalí, war-wounded palm trees, bullet holes at the ministry, religious plants in a priest's garden, a mysterious monument to Freemasonry at the Champ-de-Mars, a solid gold sphere in parliament, a Chinese temple in a parking lot, the effect of the Bièvre river on Parisian geography, a blockhouse in the Bois de Boulogne ... For those who thought they knew Paris well, the city is still teeming with unusual and secret places that are easily accessible.

This is the first English translation of the seminar Martin Heidegger gave during the Winter of 1934-35, which dealt with Hegel's Philosophy of Right. This remarkable text is the only one in which Heidegger interprets Hegel's masterpiece in the tradition of Continental political philosophy while offering a glimpse into Heidegger's own political thought following his engagement with Nazism. It also confronts the ideas of Carl Schmitt, allowing readers to reconstruct the relation between politics and ontology. The book is enriched by a collection of interpretations of the seminar, written by select European and North American political thinkers and philosophers. Their essays aim to make the seminar accessible to students of political theory and philosophy, as well as to open new directions for debating the relation between the two disciplines. A unique contribution, this volume makes available key lectures by Heidegger that will interest a wide readership of students and scholars.

★★★★★ "This story grabs your heart and never lets go." Saving Lucy is the true and inspiring story of two creatures in need of healing and rescue—who find home in each other. Ishbel Rose Holmes was adrift and alone when she set out to bicycle across the world. She was pedalling across Turkey when a street dog, Lucy, crossed her path and changed her life forever. Ishbel did not want anything or anyone to slow her down, but when she witnessed Lucy attacked by other dogs, Ishbel rescued her—forming a deep bond between the pair. Ishbel recognized her own vulnerability in her new canine friend and launched a heartfelt mission to find Lucy a home and give her a happy life. Their adventures took them over 1,000 miles to the Syrian border and into the hearts of everyone who met them. People around the world who followed the story on Ishbel's blog, World Bike Girl, watched as Lucy's unconditional love broke down the wall around Ishbel's heart.
