Thunderbird Milestones

Great collector cars are still out there--just waiting to be found! Sadly, there is very little reality in reality TV. That wouldn't be so bad except for the fact that these shows are the only TV shows for the barn-find collector car aficionado. Barn Find Road Trip is the antidote to all the manufactured collector "reality" shows. It's a real-world, barn-find banzai run in which auto archaeologist Tom Cotter, his car collector pal Brian Barr, and photographer Michael Alan Ross embarked on a 14-day collector-car-seeking adventure with no predetermined destinations. It's barn-find freestyle! Roaming the Southeast, they documented their day-to-day car search in photos and through stories and interviews. This trip is absolutely real and the same kind of junket any gearhead with the skills, knowledge, and time can undertake. Cotter and company hit the road in Cotter's 1939 Ford Woody, the kind of car that opened doors and started the conversations that revealed where interesting cars were squirreled away. The result? The discovery of over 1,000 collector cars and some of the most amazing barn-find stories Cotter has yet unearthed, all accompanied by Ross' evocative photography. If you love stories of automotive adventure, this is the book for you!

Used Car Buying Guide 1995

The Ford Thunderbird became a classic the moment it was introduced in 1955, rivaled in its appeal only by the Mustang and Corvette. This full-color gallery examines the T-Bird from the first models to the last versions built in 1997 and the new edition Ford will introduce in the year 2000. Exemplary photography features cars from all eras. Special emphasis is given to the marketing strategies that helped make the T-Bird Ford's signature car for more than 40 years.

Chevy's Corvette is without question one of the most recognized sports cars in the world. Since its introduction at GM's Motorama, Corvettes have been favorites for fans and drivers in a wide variety of racing venues, including endurance events, hillclimbs,

Trans-Am, drag racing, and GT Racing. For six decades, Corvettes have battled and defeated some of the the biggest names in the sports car world—Ferrari, Porsche, Cobra, Jaguar—at storied road courses like Le Mans, Daytona, the Nürburgring, Sebring, and Laguna Seca. Beginning with the Real McCoy, a Zora Arkus-Duntov special raced at Sebring in 1956, this book draws on the history of factory-sponsored and private racing efforts, chronicling the history of the various Vettes that have been put to the test as racing machines. Noted automotive writer and

renowned artist David Kimble delves deep into Vette's on-track history to provide the most thorough Corvette racing history ever published. *Corvette Racing* is illustrated with rare images from GM's media and design archives and complemented by Kimble's own stunning cutaway artwork. For Corvette and racing fans, this book is the definitive word on Corvette's nearly 60 years of competition.
