Once set in motion, the wheel of the truth cannot be stopped. Forensic pathologist Bodhi King has an international reputation as the expert to consult when there's an unexplained death cluster. So he's not surprised when the call comes in about a troubling spate of deaths in a remote town on the U.S.-Canadian border. He is surprised when he arrives in the tiny community tucked away in the mountains and every door slams shut in his face. The people there don't want his help, even as their own are dying. It would be the easiest thing in the world to walk away, but that's not the path Bodhi's chosen to walk. So he digs into the town's dark crevices in search of the truth. But what he finds will force him to confront his own beliefs about courage, compassion, and the sanctity of life and of death. Bodhi King returns in Chosen Path, the seventh book in the series by USA Today bestselling author Melissa F. Miller.

How did Elnora end up in Willow Springs, Wyoming? She remembered having plans before the move. She planned to be a successful banker in Southern California. She planned on spending her weekends at the beach and eventually growing old with the sound of waves breaking in the background. Then she fell in love and found a new dream with her Prince Charming, Johnathan, who

moved her to Willow Springs, Wyoming. Elnora expected the townsfolk to be yahoos. They probably don't even have banks, she thought. They probably hide their money in mattresses. But it was worth it for the love of her life, and so she did her best to make do. Even so, the unexpected racism toward the nearby Indian reservation shocked her. They were a peaceful people; why did the town hold such a grudge? When Elnora and Johnathan make the acquaintance of five Native American children, their hearts melt at their tragic plight. Yet the children receive no sympathy from the other residents of Willow Springs. It's up to Elnora to take action. A city girl becomes a huge-hearted country woman and takes on racism, danger, and her own fears to become the hero she never knew or expected she could be. Maybe Wyoming isn't so bad after all.

Jesus delivers the radical claim that people who are "poor in spirit" are actually "blessed" (Matthew 5:3). How right He was, because this is the first crucial step in the chosen path of the beatitudes. He then continues a sermon that actually reveals a vital progression that helps establish a deeper

relationship with our Creator. The spiritual path of the Beatitudes is prescribed for all, but must be chosen by each individual. God does not coerce; He calls. And the journey He calls us to is certainly one worth choosing. Why should we resist the comforting call of Jesus? "Come to Me, all you who labor and are heavy laden, and I will give you rest. Take My yoke upon you and learn from Me, for I am gentle and lowly in heart, and you will find rest for your souls. For My yoke is easy and My burden is light." (Matthew 11:28-30) That's a deal worth taking. Honest seekers of truth - pack up your gear...we're following Jesus down the path of the Beatitudes.

Jesus said to His disciples, "You did not choose me, but I chose you and appointed you so that you might go and bear fruit-fruit that will last. . ." (John 15:16; NIV). Clearly, Bill Mason was called to the Christian ministry. And it is evident that his ministry bore much, much fruit and that the fruit has lasted. In addition to Bill's own stories, I found myself so very impressed at the notes, letters, and expressions of love and appreciation included in this book. The reader is struck with the fact that

these folks at Asbury Church really loved Bill Mason! And as I reflected on that it dawned on me that they loved him because he genuinely loved and cared for them. He clearly felt a pastoral responsibility for his flock. He cared for them, shepherded them, and loved them with unfeigned love. That love for his flock was reflected in his faithfulness in calling on them, visiting them in their homes, and in his remarkable hospital visitation practice. This is a pastoral gift that laity respond to and will remember for a lifetime. I read recently that our parishioners won't care how much we know until they know how much we care. That's a good reminder for pastors. I believe the folks at Asbury UMC knew that their pastor, Dr. Bill Mason, cared for them deeply. And they loved him for it. This remarkable ministry was kept passionate and authentic by Bill's attention to his devotional life, characterized by the discipline of early morning prayer and devotional reading. Bill's ministry was one of faithfulness to the biblical message. Putting it all together, you get the ingredients of a beautiful, remarkably fruitful ministry. The appropriate response to this amazingly effective ministry is to say simply, "Thanks be to God!" My heart was saying that again and again. Yours will, too, I am sure.

When the city of Boston, MA experienced a natural gas leak that caused an explosion, I explained to my older daughter that my first post-college job was working as a consultant to find such leaks before tragedy struck. Her terse reply stemmed from the thought of why did she never know this about me? Hence, the idea for a memoir was launched. This book describes the joys, challenges, and rewards that most career-oriented people face. Although from my point of view, my career was a roller-coaster ride of thrills and surprises. Whether you are looking for a good laugh or just a good read, this book was written with love.
