In order to make appropriate changes to improve your teaching and your students' learning, first you need to know how you're teaching now. Figure it out for yourself and invigorate your teaching on your own terms! This practical evidence-based guide promotes excellence in teaching and improved student learning through self-reflection and self-assessment of one's teaching. Phyllis Blumberg starts by reviewing the current approaches to instructor evaluation and describes their inadequacies. She then presents a new model of assessing teaching that builds upon a broader base of evidence and sources of support. This new model leads to self-assessment rubrics, which are available for download, and the book will guide you in how to use them. The book includes

case studies of completed critical reflection rubrics from a variety of disciplines, including the performing and visual arts and the hard sciences, to show how they can be used in different ways and how to explore the richness of the data you'll uncover.

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Lincoln and the Jews Bruno Gmuender

During Liberace's trial in the late fifties, Lee, as he was familiarly called, was critically reviewed by Cassandra (a former colonel in the British army) in his daily column in London's Daily Mirror. Cassandra wrote, He is the summit of sex, the pinnacle of masculine, feminine, and neuter. Everything that he, she, and it can ever want. This deadly, winking, sniggering, snuggling, chromium-plated, scent-impregnated, luminous, quivering, giggling, fruit-flavored, mincing, ice-covered heap of mother love has had the biggest reception and impact on London since Charlie Chaplin arrived at the same station! At the same time, Liberace had recently completed his ABC seven-year contract that had gone viral via international and national television, but he recognized a new and very popular confidential magazine that was beginning to create unimaginable curiosity in 1950s America, suggesting that he was homosexual. Liberace died in February of 1987, but the story of his estate was not settled until long after. His attorney, Joel Strote, managed to stuff the estate for his own, and that forced a very ugly trial both between the Liberace family both in Los Angeles and Las Vegas, where Liberace made his home for tax benefits. The outcomes of the trials were in Strote's favor, though Ida Mae Liberace, Liberace's niece, claimed that there were hundreds of millions of dollars in the estate secreted in an account in Switzerland. Liberace's burial was in Forest Lawn overlooking Warner Brothers Studio and where Liberace filmed his disastrous film during the 1950s entitled Sincerely Yours.

Nothing to Hide. Young Men from Slovakia Bruno Gmuender

Every human being knows that we are walking through life following trails, whether we are aware of them or not. Medieval poets, from the anonymous composer of Beowulf to Marie de France, Hartmann von Aue, Gottfried von Strassburg, and Guillaume de Lorris to Petrarch and Heinrich

Kaufinger, predicated their works on the notion of the trail and elaborated on its epistemological function. We can grasp here an essential concept that determines much of medieval and early modern European literature and philosophy, addressing the direction which all protagonists pursue, as powerfully illustrated also by the anonymous poets of Herzog Ernst and Sir Gawain and the Green Knight. Dante's Divina Commedia, in fact, proves to be one of the most explicit poetic manifestations of the fundamental idea of the trail, but we find strong parallels also in powerful contemporary works such as Guillaume de Deguileville's Pèlerinage de la vie humaine and in many mystical tracts.

Rick Day's opulent coffee-table books *Players* and *Players Two* both became instant bestsellers. At first glance, the photographs are all about sports, about immaculate and trained bodies in rugby wear, tight trunks or nothing at all. But Rick Day doesn't just take pictures of masculine sex appeal. His work impresses with an almost corporeal tension. The interaction of straightforwardness and intimacy keeps us wondering: Who is the subject and who is the object? Rick Day's photographs are perfectly staged. All *Players* is a 288-page collection of all new material.

'I'm going to miss you' documents long and nostalgic summer days, shared with beautiful men.

The photography book explores brotherhood, sensuality, and the act of playing, for to play is to be vulnerable. Rob Tennent carries through themes presented in his earliest book 'Come Back to Bed'. Themes of intimacy are suggested in his creative direction and composition, serving as a nod to his earlier works. The sentence 'I'm going to miss you' is a quote whispered by lovers photographed in 'Come Back to Bed'. Now repurposed to symbolise the emotions he feels towards the summer just past.

A fantastic collection of Soviet Asian architecture, many photographed here for the first time Soviet Asia explores the Soviet modernist architecture of Central Asia. Italian photographers Roberto Conte and Stefano Perego crossed the former Soviet republics of Kazakhstan, Kyrgyzstan, Uzbekistan and Tajikistan, documenting buildings constructed from the 1950s until the fall of the USSR. The resulting images showcase the majestic, largely unknown, modernist buildings of the region. Museums, housing complexes, universities, circuses, ritual palaces - all were constructed using a composite aesthetic. Influenced by Persian and Islamic architecture, pattern and mosaic motifs articulated a connection with Central Asia. Grey concrete slabs were juxtaposed with colourful tiling and rectilinear shapes broken by ornate curved forms: the brutal designs normally associated with Soviet-era architecture were reconstructed with Eastern characteristics. Many of the buildings shown in Soviet Asia are recorded here for the first time, making this book an important document, as despite the recent revival of interest in Brutalist and Modernist architecture, a number of them remain under threat of demolition. The publication includes two contextual essays, one by Alessandro De Magistris (architect and History of Architecture professor, University of Milan, contributor to the book *Vertical Moscow*) and the other by Marco Buttino (Modern and Urban History professor, University of Turin, specializing in the history of social change in the USSR).

One hundred and fifty years after Abraham Lincoln's death, the full story of his extraordinary relationship with Jews is told here for the first time. *Lincoln and the Jews: A History* provides readers both with a captivating narrative of his interactions with Jews, and with the opportunity to immerse themselves in rare manuscripts and images, many from the Shapell Lincoln Collection, that show Lincoln in a way he has never been seen before. Lincoln's lifetime coincided with the emergence of Jews on the national scene in the United States. When he was born, in 1809, scarcely 3,000 Jews lived in the entire country. By the time of his assassination in 1865, large-scale immigration, principally from central Europe, had brought that number up to more than 150,000. Many Americans, including members of Lincoln's cabinet and many of his top generals during the Civil War, were alarmed by this development and treated Jews as second-class citizens and religious outsiders. Lincoln, this book shows, exhibited precisely the opposite tendency. He also expressed a uniquely deep knowledge of the Old Testament, employing its language and concepts in some of his most important writings. He befriended Jews from a young age, promoted Jewish equality, appointed numerous Jews to public office, had Jewish advisors and supporters starting already from the early 1850s, as well as later during his two presidential campaigns, and in response to Jewish sensitivities, even changed the way he thought and spoke about America. Through his actions and his rhetoric—replacing "Christian nation," for example, with "this nation under God"—he embraced Jews as insiders. In this groundbreaking work, the product of meticulous research, historian Jonathan D. Sarna and collector Benjamin Shapell reveal how Lincoln's remarkable relationship with American Jews impacted both his path to the presidency and his policy decisions as president. The volume uncovers a new and previously unknown feature of Abraham Lincoln's life, one that broadened him, and, as a result, broadened America.
