KIERA LIN

Lichens of Mexico John Wiley & Sons

A singular life often circles around a singular moment, an occasion when one's life in the world is defined forever and the emotional vocabulary set. For the extraordinary writer James Salter, this moment was contained in the fighter planes over Korea where, during his young manhood, he flew more than one hundred missions. James Salter is considered one of America's greatest prose stylists. "The Arm of Flesh" (later revised and retitled "Cassada") and his first novel, "the Hunters," are legendary in military circles for their descriptions of flying and aerial combat. A former Air Force pilot who flew F-86 fighters in Korea, Salter writes with matchless insight about the terror and exhilaration of the pilot's life.

The Process of Authority Bridger Media

This atlas of pharmacology first deals with general aspects, such as formulation, absorption, distribution, & molecular mechanisms of action of medicinal agents. It then looks at various groups of medicinal agents with special emphasis on functional & therapeutic aspects. Attention is given less to the chemical properties of the medicinal agents than to their action on body functions & the therapeutic possibilities of their application.

Selbstmedikation-Set Jove Publications

Avonvale is a compelling historical romance novel that follows a young Irish couple who emigrate to America for different reasons than most who followed that path. The story is set in Northern Ireland in the early 1900s. The main characters, Tom and Mary, build a life together. Their story traverses across accepted norms, values and stereotypes as they make their way to an American life for themselves, their family and all who cross their path. The saga begins in the midst of family turmoil. Their engaging journey reaches Avonvale, a prestigious horse breeding and equestrian estate. These indelible protagonists travel through transformative years featuring continuous challenges, successes, heartbreaks, courage and love. The tension of an ongoing mystery, along with three generations of finely crafted multi-layered characters, invite you to keep turning the pages. Their eternal love triumphs over all.

Twice Burned Rowman & Littlefield

"I'm the wrong guy for her. She's sunshine, and cherry pie. I'm

whiskey and fast cars. I'm also keeping one hell of a secret from the woman I've wanted for years. But when I find a list my sister left behind for Ruby, I've got no choice but to offer the sexy, big-hearted girl next door both a road trip and a chance. A chance to discover how big she can dream. And if some of those dreams play out in the bedroom? Well, there's nothing wrong with a few -- okay, several -- hot nights together as we hit the beach, visit old stomping grounds, and test all sorts of limits, in and out of the sheets. Seven days, then I'm off, moving across the country, far away from her. No way can things get complicated in a week. Ruby and I aren't the kind of dream that has a shot of coming true. Especially once she learns what I've done."--Back cover.

The Final Siren John Wiley & Sons

The fast and easy way to get up and running with Windows 10 at work If you want to spend less time figuring out Windows and more time getting things accomplished, you've come to the right place. Covering Windows 10 and packed with time-saving tips to help you get the most out of the software, Windows 10 At Work For Dummies offers everything you need to get back precious hours of your work day and make Windows work for you, rather than against you. This full-color, all-encompassing guide breaks down the most common Windows tasks into easily digestible parts, providing you with illustrated, step-by-step instructions on everything you'll encounter in Windows 10. From setting up your desktop with your favorite apps to finding the files and applications you need—and everything in between—this hands-on, friendly guide takes the headache out of working with Windows. Provides over 300 tasks broken into core steps Provides easy-to-follow answers to all of your Windows questions Illustrates the new features of Windows 10 If you're a time-pressed professional looking to find answers to all of your Windows-related questions, this is the one-stop resource you'll turn to again and again.

Calling all map lovers! Looking for a planner that expresses your cartographic interest? This weekly planner for 2020 features a detailed section of a vintage USGS topographic map on the cover. Makes a great gift for the local history buff, too.

Wicked Flirt Independently Published

This reception history of the Gospel of Matthew utilizes theoretical frameworks and literary sources from two typically distinct

disciplines, patristic studies and Valentinian (a.k.a. "Gnostic") studies. The author shows how in the second and third centuries, the Valentinians were important contributors to a shared culture of early Christian exegesis. By examining the use of the same Matthean pericopes by both Valentinian and patristic exegetes, the author demonstrates that certain Valentinian exegetical innovations were influential upon, and ultimately adopted by, patristic authors. Chief among Valentinian contributions include the allegorical interpretation of texts that would become part of the New Testament, a sophisticated theory of the historical and theological relationship between Christians and Jews, and indeed the very conceptualization of the Gospel of Matthew as sacred scripture. This study demonstrates that what would eventually emerge from this period as the ecclesiological and theological center cannot be adequately understood without attending to some groups and individuals that have often been depicted, both by subsequent ecclesiastical leaders and modern scholars, as marginal and heretical.

ACE (The Trident Series Book 1) Piper Rayne, Inc.

Like most of Wolfgang Ernst's work, *Das Rumoren der Archiv* explored the concept of archival and media theory from a current cultural digital context. Ernst challenges the traditional perspective of the cultural heritage institution and how it relied on media for creating, storing, and disseminating digital information. Archives have a place in a digital society, and the archivist's role will be more increasingly vital in the future. As Ernst points out, his work will show a way out of the archive, away from the notion that the era of archive is coming to an end. *Stirrings in the Archives: Order from Disorder* is the long-awaited English translation of this seminal work exploring cultural heritage before the archives, throughout history, and from today into the future.

Negotiation: Science and Practice Mohr Siebeck

Martin Heidegger is widely regarded as one of the most influential philosophers of the twentieth-century, and his seminal text *Being and Time* is considered one of the most significant texts in contemporary philosophy. Yet his name has also been mired in controversy because of his affiliations with the Nazi regime, his failure to criticize its genocidal politics and his subsequent silence about the holocaust. Now, according to Heidegger's wishes, and to complete the publication of his multi-volume *Complete Works*, his highly controversial and secret 'Black Notebooks' have been

released to the public. These notebooks reveal the extent to which Heidegger's 'personal Nazism' was neither incidental nor opportunistic, but part of his philosophical ethos. So, why would Heidegger, far from destroying them, allow these notebooks, which contain examples of this extreme thinking, to be published? In this revealing new book, Peter Trawny, editor of Heidegger's complete works in German, confronts these questions and, by way of a compelling study of his theoretical work, shows that Heidegger was committed to a conception of freedom that is only beholden to the judgement of the history of being; that is, that to be free means to be free from the prejudices, norms, or mores of one's time. Whoever thinks the truth of being freely exposes themselves to the danger of epochal errancy. For this reason, Heidegger's decision to publish his notebooks, including their anti-Jewish passages, was an exercise of this anarchical freedom. In the course of a wide-ranging discussion of Heidegger's views on truth, ethics, the truth of being, tragedy and his relationship to other figures such as Nietzsche and Schmitt, Trawny provides a compelling argument for why Heidegger wanted the explosive material in his Black Notebooks to be published, whilst also offering an original and provocative interpretation of Heidegger's work.

Death in Florence (A Year in Europe—Book 2) FSG Originals
For a chance of happiness, will they follow their hearts? Jed Delaney is a household name and considered one of the best ruckmen in the AFL. But after a devastating career-ending injury, he's faced with returning to the small town of Glengarrick to figure out what comes next. Georgina Purcell always wanted to leave Glengarrick, but ten years after Jed left town taking a secret with him and breaking her heart in the process, she's still stuck wondering what her future holds. When Jed walks back into her life acting like nothing has changed, sparks fly. But their feelings for one another can't change Jed's painful secret...that Georgie might be the reason for his retirement from the game he loves. Will the lure of a new opportunity within the AFL be too much for Jed to walk away from? Or can he leave it all behind for a chance of happiness with Georgie?

Recognition and Perception of Images Blake Pierce
"Negotiation: Science and Practice" is a university-level textbook and lecture series designed to teach effective skills and techniques in negotiation. It provides scientifically tested tools

that allow anyone to construct and implement the best possible negotiation strategies, in any negotiation scenario. From this pack, students, like yourself, learn the art, science and practice of influence, as well as how to construct optimal agreements, whether you are negotiating a settlement in a legal dispute, a contract to sell a business, a ceasefire in a conflict zone, the sale of your own home, a price rise of the goods or services your company provides, a wage dispute with a powerful union or even an amendment to legislation. The lectures in this textbook are as follows: Lecture 1: Negotiation dynamics (available in full, for free, in the "sample") Lecture 2: Preparation for negotiation Lecture 3: Evaluation techniques Lecture 4: Influence Lecture 5: Cognitive biases, heuristics, errors and effects Lecture 6: Group dynamics Lecture 7: Logic and creativity Lecture 8: Parachutes, problems and tricks Lecture 9: Culture, human nature and individual difference Lecture 10: Enforcement mechanisms Lecture 11: Ethics, lying, the law and why good people do bad things Lecture 12: Alternative dispute resolution Lecture 13: Conflict This book contains: - A comprehensive lecture series (outlined above) - Week-by-week multiple choice questions (100+ pages) - Detailed answers and explanations to all week-by-week questions (50+ pages) - A mid-semester exam - A comprehensive reference glossary (200 pages) - Full academic abstracts to complement critical references (aiding a more detailed understanding and facilitating further exploration of the science behind each technique) - The most comprehensive examination of the psychology of negotiation available, with clear examples of how it can be used to achieve desired outcomes - The most comprehensive description of common "dirty tricks" in negotiation and how to respond to them - Detailed explanations of the law and how it affects you as a negotiator; including important case summaries - Step-by-step explanations of how to calculate the 'need-to-know' numbers in all negotiations

It was only supposed to be one time. But that red-hot one night stand from the party? The sexy man in the suit who gave me more Os in a few hours than I've had in a year? Turns out my charming British stranger is keeping a little secret. He's as much of a whiz in the kitchen as he is in the bedroom and soon we'll be going head-to-head in NYC's biggest bake off. My one-time lover is now my enemy. I vow to loathe him for all eternity, though that would be easier if I wasn't dying to get naked with him again. But the more I learn more about my rival, the more I suspect he just might be everything I've wanted...If only I knew how to let him in...

2020 Weekly Planner Burning Desires

Orphaned at a young age, Alex Hardesty was raised by her Navy SEAL uncle. As a military brat, she naturally gravitated to the military life. Two years ago, as a former National Security agent, Alex nearly died in an explosion during a covert operation. Now, working in the private sector, she's been assigned to track down hostages in a place to where she'd promised herself she'd never return: Afghanistan. Thirsty for revenge against the deadly regime that has caused trauma-ridden flashbacks, Alex vows to eliminate the source of her nightmares once and for all. But on her first day back in the field she has a collision with a blue-eyed, US Navy SEAL that kick starts her heart, adding more drama to the already dangerous situation. Though she's surrounded by friends and colleagues who care about her and have sworn to protect her, Alex fears someone within the ranks lacks trust and loyalty. US Navy SEAL, Lt. Commander, Marcus "Ace" Chambers knew from the moment he first saw Alex Hardesty that she was special. But this is no ordinary woman. While she is beautiful and intelligent; she has a target on her back, making her the most wanted woman in Afghanistan. With danger lurking behind every corner can Ace and Alex balance the romance building between them while preventing further harm to themselves and their team before it's too late? **This is Book 1 of The Trident Series
Stirrings in the Archives Walter de Gruyter GmbH & Co KG
With well over 2000 species the Parmeliaceae is the largest family of lichenized fungi. Mexico with its huge topographic relief and wide range of habitats is one of the major biodiversity hot spots in the world. Accordingly, it is not surprising that this volume

documents over 20% of the world's Parmeliaceae from this country. In fact a vast majority of the Parmeliaceae known from North America are covered in this volume. Descriptions (morphological and chemical), keys, distribution information and extensive specimen citations covering all states in Mexico are provided in the systematic treatments covering 450 species from Alectoria, Anzia, Bryoria, Bulbothrix, Canoparmelia, Cetraria, Cetrelia, Hypotrachyna, Flavoparmelia, Hypogymnia, Imshaugia, Kaernefelita, Letharia, Melanelixia, Melanohalea, Menegazzia, Montanelia, Myelochroa, Nodobryoria, Oropogon, Parmelia, Parmelina, Parmelinella, Parmeliopsis, Parmotrema, Parmotremopsis, Phacopsis, Protoparmelia, Pseudephebe, Pseudevernia, Pseudoparmelia, Punctelia, Relicina, Remototrachyna, Tuckermanella, Tuckermannopsis, Usnea, and Xanthoparmelia. Keys to genera are based on the most recent molecular data. All the species of Parmotrema known for North America are covered in the keys. The book begins with a review of the physiographic aspects and biodiversity of Mexico and proceeds to the first lichen community phylogenetic analysis for the major ecological communities in Mexico based on the Parmeliaceae. The book will be useful to anyone studying the lichens of Mexico as well as adjacent regions in Central America, the Caribbean, and the United States.

Treasure Hidden in a Field John Wiley & Sons

Having financed an adventurer's expedition to recover an ancient Roman treasure, the handsome and wealthy Marquis of Quinsborne joins the journey and deep in the Tunisian desert he falls in love with the adventurer's lovely daughter Sabra

Trusting Aaron Wiley

They're among us, but they are not like us. They manipulate, lie, cheat, and steal. They are irresistibly charming and accomplished, appearing to live in a radiance beyond what we are capable of. But narcissists are empty. No one knows exactly what everyone else is full of--some kind of a soul, or personhood--but whatever it is, experts agree that narcissists do not have it. So goes the popular understanding of narcissism, or NPD (narcissistic personality disorder). And it's more prevalent than ever,

according to recent articles in The New York Times, The Atlantic, and Time. In bestsellers like The Narcissism Epidemic, Narcissists Exposed, and The Narcissist Next Door, pop psychologists have armed the normal with tools to identify and combat the vampiric influence of this rising population, while on websites like narcissismsurvivor.com, thousands of people congregate to swap horror stories about relationships with "narcs." In The Selfishness of Others, the essayist Kristin Dombek provides a clear-sighted account of how a rare clinical diagnosis became a fluid cultural phenomenon, a repository for our deepest fears about love, friendship, and family. She cuts through hysteria in search of the razor-thin line between pathology and common selfishness, writing with robust skepticism toward the prophets of NPD and genuine empathy for those who see themselves as its victims. And finally, she shares her own story in a candid effort to find a path away from the cycle of fear and blame and toward a more forgiving and rewarding life.

My Lucky #13 HarperCollins UK

Lucky. The one adjective used to describe my entire hockey career. I prefer to call it hard work, at least I did until my game went to complete crap. I haven't scored in eight games and the team owner is talking about trading me. I've never believed in superstitions. Never needed one. I suppose I was "lucky" in that way. But now the best way to refer to me is desperate. I'd wear the same socks for an entire year just to be the high-scoring center I used to be. Imagine my surprise when after spending New Year's Eve with a woman, I score a hat trick in the next game—that's three goals in one game for you non-hockey lovers. Now, I have to track her down and bribe her to do it again before every game. Get your mind out of the gutter, I'm not talking about it. I find her and when I get to know her better, I end up spending more time thinking about her than my game, but she's made it clear she wants no part of me. She's going to learn that I didn't become a professional hockey player without having to fight for what I want.
