*Grettir's Saga* Oxford  
University Press

This book is open access  
under a CC BY 4.0  
license. This book  
addresses the age-old  
problem of infinite  
regresses in  
epistemology. How can  
we ever come to know  
something if knowing  
requires having good  
reasons, and reasons can

only be good if they are  
backed by good reasons  
in turn? The problem has  
puzzled philosophers ever  
since antiquity, giving rise  
to what is often called  
Agrippa's Trilemma. The  
current volume  
approaches the old  
problem in a provocative  
and thoroughly

contemporary way. Taking seriously the idea that good reasons are typically probabilistic in character, it develops and defends a new solution that challenges venerable philosophical intuitions and explains why they were mistakenly held. Key to the new solution is the phenomenon of fading foundations, according to which distant reasons are less important than those that are nearby. The phenomenon takes the sting out of Agrippa's Trilemma; moreover, since the theory that

describes it is general and abstract, it is readily applicable outside epistemology, notably to debates on infinite regresses in metaphysics. The book is a potential game-changer and a must for any advanced student or researcher in the field. The Academy Springer  
In spite of the importance of the idea of the 'tale' within Romantic-era literature, short fiction of the period has received little attention from critics. Contextualizing British short fiction within the broader framework of

early nineteenth-century print culture, Tim Killick argues that authors and publishers sought to present short fiction in book-length volumes as a way of competing with the novel as a legitimate and prestigious genre. Beginning with an overview of the development of short fiction through the late eighteenth century and analysis of the publishing conditions for the genre, including its appearance in magazines and annuals, Killick shows how Washington Irving's

hugely popular collections set the stage for British writers. Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg, as well as didactic short fiction by authors such as Hannah More, Maria Edgeworth, and Amelia Opie. His book makes a convincing case for the evolution of short fiction into a self-conscious, intentionally modern form, with its own techniques and imperatives, separate from those of the novel.

**History as the Story of Freedom** Simon and Schuster  
In *Corruption in Latin America* the reader is presented with an alternative starting point for understanding corruption in this key region. The author asserts that corruption is a stable and rational social and organizational mechanism. Seen through this lens, we can begin to understand why it persists, and how to implement strategies to control corruption effectively. Beginning with

an in-depth, nuanced examination of the concept of corruption, the author establishes the theoretical basis for viewing corruption as a social construct. An analysis of the experiences of four countries in the region – Argentina, Brazil, Guatemala and Mexico – provides the reader with concrete data from which they can understand how and why these behaviors are reproduced, validated, and tolerated in everyday settings between governments and citizens,

governments and firms, and firms and clients. Once we see corruption as the socially sanctioned norm for getting business done, we can begin to produce and propose effective solutions to reduce corruption in Latin America by designing and implementing instruments that transform this dynamic. This rigorous and original approach will challenge the reader's assumptions about corruption, and will appeal to students of corporate governance, international business, public

management, and business ethics.

**Children's Literature in Hitler's Germany**  
Edinburgh University Press

Between 1933 and 1945, National Socialists enacted a focused effort to propagandize children's literature by distorting existing German values and traditions with the aim of creating a homogenous "folk community." A vast censorship committee in Berlin oversaw the publication, revision, and distribution of books and

textbooks for young readers, exercising its control over library and bookstore content as well as over new manuscripts, so as to redirect the cultural consumption of the nation's children. In particular, the Nazis emphasized Nordic myths and legends with a focus on the fighting spirit of the saga heroes, their community loyalty, and a fierce spirit of revenge—elements that were then applied to the concepts of loyalty to and sacrifice for the Führer and the fatherland. They

also tolerated select popular series, even though these were meant to be replaced by modern Hitler Youth camping stories. In this important book, first published in 1984 and now back in print, Christa Kamenetsky demonstrates how Nazis used children's literature to selectively shape a "Nordic Germanic" worldview that was intended to strengthen the German folk community, the Führer, and the fatherland by imposing a racial perspective on mankind.

Their efforts corroded the last remnants of the Weimar Republic's liberal education, while promoting an enthusiastic following for Hitler. The Medieval Saga Manny L. Birch "Editorial Review Investigators believe three young women were mauled by bears but soon find out they were actually victims of a monstrous murderer, and newly minted FBI agent Jade Monroe is brought in to help find him. The killer is clever enough never to be seen on surveillance

camera, and Jade and company start to believe they're following a ghost. The body count goes up, and so do the stakes for finding this madman, who begins to strike closer to home. Fans of Jade Monroe are in for an emotionally charged ride with Sutter's latest, a most welcome addition to her terrific new FBI series." Angela M., Editor, Red Adept Editing They can't keep up with the body count he leaves behind. FBI agents Jade Monroe and J.T. Harper are on the trail of their

most recent serial killer, but they know his whereabouts only by the carnage left in his wake. By the time they reach his most recent location, he's long gone. Without a clear description of the man, they're chasing a shadowy figure that people see from a distance—a ghost—that's killing at an alarming rate. A stroke of luck brings the agents face-to-face with a survivor. What they learn from the woman's hospital bed description of her brutal attacker changes everything. The

situation has suddenly become more than dangerous—and to Jade, more than personal. Note: All Jade Monroe books are standalone stories but since characters carry over, they are best read in chronological order. Series One - Detective Jade Monroe Crime Thriller Series #1 Maniacal #2 Captive #3 Fallacy #4 Premonition #5 Exposed Note: The Jade Monroe FBI Thriller books follow on the heels of the conclusion of Exposed, Book 5 in the Detective Jade Monroe Crime Thriller

Series. Series Two - Agent Jade Monroe FBI Thriller Series #1 Snapped #2 Justified #3 Donors #4 Leverage #5 Malice **Case of Sherlock Holmes** Harvest House Publishers When Debbie Redfield went shopping that morning, no one expected her to disappear. When her husband is suspected of murder, Sandeen is asked to determine her fate. Finding Debbie proves more dangerous than he, or his gal-pal Amanda Carter, could imagine. Murder and

malice prowl the hard-paved streets of Topeka and Denver as Sandeen tries to untangle the web of ugly lies surrounding Debbie's youth and disappearance. Her diary contains the only clues to what happened to her when she was ten years old, and there are those who will kill to possess it. Personal loss haunts Sandeen as each truth is revealed. One friend dies violently, another becomes estranged, and Sandeen has to tread a thin line between finding the truth and seeking

revenge. He must fight or die, and not in a manner of his choosing. JUSTIFIED is the fourth volume in a continuing saga that delves into the mysteries that surround those who've gone missing and the violence perpetrated by those who want the secrets of those disappearances to stay hidden. Hang on tight. The ride gets bumpy and the bodies pile up in this high-octane adventure. [Handbook of Medieval Studies](#) Createspace Independent Publishing Platform

Erik-Christian Denman was a youthful genius-general in the Royal Danish Army who went rogue after the Danish occupation by Nazis in WWII. Leading a group of elite, saboteurs, and assassins to uncountable and legendary victories, in the final months of 1944, he made a series of strange decisions that seemingly put him and his men in mortal danger. With him as a brilliant militarist and fearsome combatant coveted by nation-states across Europe, his men

wondered if Danish General Denman was a gifted warrior who would lead them to continued victories or a genius madman who would get them killed. With questions haunting him about life that man had yet to answer and might never answer, General Denman was not certain he was the godsend saint people believed him to be or the spawn of Satan he feared he might be. In December of 1944, in the midst of battle, his men realized that they had a very, very dangerous man

on their hands. Deliberately idealized and idyllic to depict his diametrically opposed selves graphically, General Denman's cast of characters are likeable men and women to be enjoyed and admired as they live through his saga with him, often pulling him in opposing directions or supporting him lovingly. Plagued by remorseful doubt and whipped to the core, body and soul, General Denman struggled to continue to do his dirty job. While he performed

superbly, like us, he was unaware of how he had impacted their lives. General Erik-Christian Denman made his way among people who did not understand him, with his God, Who did not understand him, in a world that did not understand him, like the rest of us. Eventually, the disconnected pieces of the puzzle of his life formed a complete picture. Though he was once tormented by the unwelcome assaults of despair and resignation, his end of days was an

affirmation of hope and a celebration of his virtue. Seven Types of Adventure Tale BRILL  
Profound and intriguing, Grettir's Saga is the last of the great Icelandic sagas. It tells of the life and death of Grettir, a great rebel, individualist, and romantic hero viewed unromantically. Grettir spends his childhood violently defying authority: as a youth of sixteen he kills a man and is outlawed; all the rest of his life he devotes, with remarkable composure, to fighting more and more

formidable enemies. He pits himself against bears, berserks, wraiths, trolls, and finally, it seems, the whole population of Iceland. Yet he is not a bloodthirsty killer, but only a man who is totally unwilling to compromise. As a result of his desire for freedom, he becomes increasingly isolated, although he wishes to live in society, and indeed can hardly bear solitude. Driven back and forth from Iceland to Norway, harried around Iceland, he continually flees subjection and

confinement only to find a perilous freedom beset both by the external hazards of a new land and by the internal hazards of loneliness and pride. He escapes to freedom and finds destruction. He finally meets his death in his last refuge on the top of an unscalable island near the northern tip of Iceland. Grettir's Saga has several themes. One of them is the conflict between the Christian world and the survival of the pagan world, as sorcery or heroic pride; the other is the conflict

between man's desire for individual freedom and the restrictive bond imposed by society. This translation is the first into English since 1914; it is based on a more accurate Icelandic text than the earlier translations, and, unlike them, is unexpurgated and in unarchaic English. The saga has an especial modern relevance - a recent translation into Czech reached the top of the best-seller list. The present volume includes genealogies, a study of the legal system, and a

critical assessment of the work.

**The Puzzle of Perceptual Justification**

University of Toronto Press

NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the excitement of *The Hunger Games* by Suzanne Collins and *Ender's Game* by Orson Scott Card. "Red Rising ascends above a crowded dystopian field."—USA Today ONE OF THE BEST BOOKS OF THE YEAR—Entertainment

Weekly, BuzzFeed, Shelf Awareness "I live for the dream that my children will be born free," she says. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more." Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet

he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to

infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. Praise for Red Rising "[A] spectacular adventure . . . one heart-pounding ride .

. . . Pierce Brown's dizzyingly good debut novel evokes The Hunger Games, Lord of the Flies, and Ender's Game. . . . [Red Rising] has everything it needs to become meteoric."—Entertainment Weekly "Ender, Katniss, and now Darrow."—Scott Sigler "Red Rising is a sophisticated vision. . . . Brown will find a devoted audience."—Richmond Times-Dispatch Don't miss any of Pierce Brown's Red Rising Saga: RED RISING • GOLDEN SON • MORNING STAR •

IRON GOLD • DARK AGE  
The Saga of the Lion and  
 the Lamb Springer

Gerald Gaus draws on current work in epistemology and cognitive psychology to defend a modest version of cognitive relativism. Building on this theory of personal justification, he asks, "How do we justify moral and political principles to others?" Here, the "populist" proposal put forward by "political liberals"--that the assent of all reasonable citizens must be obtained--is considered

and rejected. Because reasonable people often ignore excellent reasons, moral and political principles can be considered conclusively justified, even in the face of some reasonable dissent. Conclusive justification, however, is difficult to achieve, and Gaus acknowledges that most of our public justifications are inconclusive. He then addresses the question of how citizens can adjudicate their inconclusive public justifications. The rule of

law, liberal democracy and limited judicial review are defended as elements of a publicly justified umpiring procedure. Transactions of the Philological Society Sierra Press  
 Analyses of the international climate change regime consider the challenges of maintaining current structures and the possibilities for creating new forms of international cooperation. The current international climate change regime has a long history, and it is likely that

its evolution will continue, despite such recent setbacks as the decision by President Donald Trump to withdraw the United States from the Paris Agreement of 2015. Indeed, the U.S. withdrawal may spur efforts by other members of the international community to strengthen the Paris accord on their own. This volume offers an original contribution to the study of the international political context of climate change over the last three decades, with fresh

analyses of the current international climate change regime that consider both the challenges of maintaining current structures and the possibilities for creating new forms of international cooperation. The contributors are leading experts with both academic and policy experience; some are advisors to governments and the Climate Secretariat itself. Their contributions combine substantive evidence with methodological rigor. They discuss such topics

as the evolution of the architecture of the climate change regime; different theoretical perspectives; game-theoretical and computer simulation approaches to modeling outcomes and assessing agreements; coordination with other legal regimes; non-state actors; developing and emerging countries; implementation, compliance, and effectiveness of agreements; and the challenges of climate change mitigation after the Paris Agreement.

 Pandemonium Justified picks up right where The MisEducation leaves off.

Lee and crew are still reeling from the big bomb that Jay has dropped on them. during Christmas break. However, they don't get long to ponder the implications of that revelation as they are thrust back into school for the remainder of the school year. Lee joins the schools glee club in an attempt to find some normalcy in his life only to have chaos spring forth from every song he sings. A bevy of new characters show up to make his life more complicated and dangerous, including a

few who know him better than he knows himself. And when the leader of the plot to destroy him steps forward it is the one person he would least suspect. Not to mention the new group of mutants calling themselves The Sins who are wmaking every attempt to live up to their namesakes. Mayhem and panic follow this group and it falls to Lee and company to find out who they really are and how to stop them. That is if they can make it back before the end of third period.study hall.

New abilities, new allies, new enemies and new problems present themselves in the second 'album' of the Songs My Father Taught Me Saga.

"This volume provides a fresh perspective on the ways in which writers have dealt with the relationship between literature and union, especially in Scottish literary contexts. It interrogates, from various angles, the assumption of a binary opposition

between organic Scottish values and those supposedly imposed by an overbearing imperial England."--Provided by publisher.

The History of Our Lord Jesus Christ, with the Lives of His Evangelists, Apostles, and Chief Disciples Ashgate Publishing, Ltd.

This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades. The handbook is a reference

work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field. The handbook consists of four parts. The first, large section offers articles on all of the main disciplines and discussions of the field. The second section presents articles on the key concepts of modern medieval studies and the debates therein. The third section is a lexicon of the most important text

genres of the Middle Ages. The fourth section provides an international bio-bibliographical lexicon of the most prominent medievalists in all disciplines. A comprehensive bibliography rounds off the compendium. The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together.

**Sagas, Saints and Settlements** Xulon Press

"The greatest authors of atheism did more to push me toward belief in God than any Christian apologist writer." -- Timothy Morgan. After a decade of major disappointments, Timothy Morgan was ready to reject God. Atheism offered an escape--an opportunity to dismiss God permanently. But as Morgan delved into the thinking of great atheists past and present, he was stunned. In book after book, he found their reasons for rejecting God to be intellectually

unfulfilling. In *Thank God for Atheists* he candidly shares his journey by letting atheists speak for themselves, examining their logic to see whether it holds up or not. Along the way, deals with these key questions: What are the key elements of the atheist worldview? Who are the leading modern-day atheists, and what are they saying? How can you effectively respond to atheism? You'll find this a personal and thoughtful book on why the evidence for God is much more compelling than the

evidence against Him.

The award-winning saga of Rafael Reyes continues.

Life turns to peace and prosperity for Rafe and Ana Teresa after he returns to Santa Fe.

Moving into their new house, they now await the birth of their first child.

While attending a family wedding in San Gabriel, the fiesta is attacked by red-hooded raiders intent upon revenge against the Spaniards over land squabbles. Rafe and Ana Teresa, who is eight

months pregnant, were in attendance. The raiders indiscriminately killed women and children, including Ana Teresa. Upon learning of his wife and unborn baby's death, the empty spot in Rafe's soul fills with justified vengeance. Never before has Rafe's soul turned so dark. The vengeance consumes him, but finding the red-hooded killers is not easy. Everyone suspects the land squatters are at the root of it. As Rafe begins his quest, he learns a man named Kip Donohoe was

the ringleader. While Rafe chases the raiders to adjudicate his brand of justice, startling events occur in San Gabriel. It makes finding Rafe and stopping him, all the more important. Knowing Rafe is heartbroken and no doubt reckless, George and Carlos frantically try to find him, but finding him in the wilds of New Mexico proves just as difficult as Rafe's quest to find Kip Donohoe.
