George Sand, une oeuvre multiforme Wentworth Press

This is the first substantial reference work in English on the various forms that constitute "life writing." As this term suggests, the Encyclopedia explores not only autobiography and biography proper, but also letters, diaries, memoirs, family histories, case histories, and other ways in which individual lives have been recorded and structured. It includes entries on genres and subgenres, national and regional traditions from around the world, and important auto-biographical writers, as well as articles on related areas such as oral history, anthropology, testimonies, and the representation of life stories in non-verbal art forms.

Oeuvres illustrées de George Sand Columbia University Press

The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and

1970s, after which point he became obsolete, his work buried in obscurity. This almost universal

opinion is summed up in Terry Eagleton's 1983 rhetorical question, "Who now reads Frye?" In The Reception of Northrop Frye, Robert D. Denham catalogues what has been written about Frye - books, articles, translations, dissertations and theses, and reviews - in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate. Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us - such as Hayden White's theory of emplotments applied to historical writing and Byron Almén's theory of musical narrative. The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is "a very large and growing number," the growth being not incremental but exponential.

Oeuvres complètes de George Sand: La comtesse de Rudolstadt Routledge

"Voilà trois ans et demi environ que tu es morte à l'âge de quatre-vingt-onze ans et c'est

seulement maintenant que, peut-être, je commence à te connaître." Dictée à Lausanne (canton de Vaud, Suisse) et achevée le 18 avril 1974 avant d'être révisée le 19 juin 1974. En 1970, Simenon est appelé au chevet de sa mère. Un face-à-face intense et étrange les conduit aux sources de

leurs personnalités et de leur relation. Lettre à ma mère est dicté en quelques jours, trois ans après le décès d'Henriette Brüll, la mère de Simenon. Lettre à ma mère a été adapté au théâtre par Robert Benoît en 2012, avec Robert Benoît dans le rôle de Simenon et représenté au festival d'Avignon 2014. Simenon en numérique : les enquêtes du célèbre commissaire Maigret, les très "noirs' Romans durs, les nouvelles et les œuvres autobiographiques.

Ma mère de Georges Bataille (fiche de lecture et analyse complète de l'oeuvre) Omnibus

This book investigates the role of humor in the good life, specifically as discussed by three prominent French intellectuals who were influenced by Nietzsche's thought: Georges Bataille, Gilles Deleuze, and Clément Rosset. Lydia Amir begins by discussing Nietzsche's reception in France, and she explains why and how he came to be considered a "philosopher of laughter" in the French academe. Each of the subsequent three chapters focuses on the significance of humor and laughter in the good life as advocated by Bataille, Deleuze, and Rosset. These chapters also explore the complex relationship between the comic and the tragic, and of humor and laughter to irony, satire, and ridicule. The Legacy of Nietzsche's Philosophy of Laughter makes an invaluable

contribution to recent interpretive work done on Bataille and Deleuze, and offers further introduction to the relatively understudied Rosset. It illuminates the philosophies of these three thinkers, their connection to Nietzsche, and, overall, the significant role that humor plays in philosophy.

Few texts offer as many insights into the history of Valois Burgundy as the work of George Chastelain (c.1414-1475), official chronicler to the dukes Philip the Good and Charles the Bold. Chastelain, a trusted courtier, closely observed his masters' authority in the many dominions they ruled in the Low Countries and France, and the role they played in the political life of neighbouring kingdoms and principalities and in Christendom as a whole. This is the first historical study of Chastelain in over half a century. An account of his life and career is followed by a study of the chronicle, Chastelain's interpretation within it of ducal actions and aspirations, and the role it played in the historical culture of the governing classes in the Netherlands after the death of the last duke in 1477. Overall, Dr Small offers a complete reappraisal of the political ambitions of the ducal elite, particularly with regard to the supposed evolution of the ducal dominions into a 'Burgundian state' quite distinct from the Kingdom of France. Dr GRAEME SMALL is lecturer in medieval history, University of Glasgow.

Oeuvres choisies de Kristien Ostrowski Les Éditions de l'Ebook malin

A reanalysis of Sand's major writing, ranging from her early short stories to her later fiction, which identifies her writing as an example of an aesthetic mode often associated with femininity. The study compares Sand's place in the history of the realist novel to that of her male counterparts.

Oeuvres de George Sand: Histoire de ma vie Library of Alexandria

This collection of essays highlights the importance of water imagery in the work of the renowned nineteenth-century French female author George Sand. It provides a complex picture of the polyvalent presence of water in Sand's work that encompasses life and death imagery, ecocriticism, fluid kinship, homosocial ties, and artistic creativity. Drawing on Gaston Bachelard's premise that the substance of water carries deep meaning, the articles in this volume explore the element of water and its symbolism in a selection of George Sand's writings and art work, from her most famous novels (Indiana, Lélia, and Consuelo) to her later works, short stories, plays, and autobiographical writing (Teverino, Jean de la Roche, Les Maîtres sonneurs, La Reine Coax, L'Homme de neige, Le Drac, Un Hiver à Majorque, Marianne), and dendrite paintings.
