When the Gingerbread Man is loose at the zoo, he has to be careful not to end up as an animal's lunch! Is there anything more fun than a class trip to the zoo? The Gingerbread Man and his classmates don't think so, and they get to solve riddles on a WILD scavenger hunt. They meet giraffes,

monkeys, and even a fox (especially scary for a Gingerbread Man!). But a zoo full of critters is a tricky place for a tasty cookie—even a very fast one—and the Gingerbread Man ends up separated from his friends. He needs to solve all of the riddles to catch up with his class and help someone else who is lost. I'll be a detective. I know that I can! I'll solve all these clues. I'm the Gingerbread Man! Animals galore and a trail of clues make the Gingerbread Man's latest adventure his wildest one yet. Look for his other adventures at the fire house, at school,

with a leprechaun, and at Christmas!
The Lion's Share Macmillan Children's Books

If a hungry little traveler shows up at your house, you might want to give him a cookie. If you give him a cookie, he's going to ask for a glass of milk. He'll want to look in a mirror to make sure he doesn't have a milk mustache, and then he'll ask for a pair of scissors to give himself a trim.... The consequences of giving a cookie to this energetic mouse run the young host ragged, but young readers will come away smiling at the antics that tumble like dominoes through the pages of this delightful picture book.

10 Fat Turkeys Arbordale Publishing

With bright, bold artwork, a simple, engaging text and a whole host of favourite animals, *ABC Zoo* is the perfect introduction to the alphabet - and the chunky board book format and sturdy card

flaps make it great for small hands.

A dream comes true for a girl who loves tutus, pointe shoes, and dancing on tiptoe! The girl in this story loves to stretch, to pose, to point her toes, to swirl and twirl and leap! She practices new steps every day. All her efforts are rewarded when one special day, she gets to dance in a performance with her favorite ballerina. "Dear Ballerina," the girl writes, "I dream of being a dancer just like you." The pictures in the book take the reader behind the scenes of the ballet to a practice room, a costume room, and the wings of the stage. At last, the curtain goes up, and the girl and her idol dance. Their tutus swirl together! "Dancing makes me happy!" the little ballerina says. A touching story about dance, passion, effort, and intergenerational mentorship. The five ballet positions are illustrated, and behind-the-scene secrets are revealed. Back matter provides interesting information about point shoes, tutus, and the contents of a ballet bag. The author-illustrator is the mother of a little girl who has grown up to be a professional ballerina with New York City Ballet. This book was

inspired by letters Lydia Wellington wrote to dancers she admired, as well as letters she has received from young fans. Every detail in this book is filled with joy and love and is authentic and accurate. A glittery cover makes *Dear Ballerina* a perfect gift for ballet recitals. A great choice for fans of *Angelina Ballerina*.

The Jolly Postman, Or, Other People's Letters Baby Signing

Help children draw and think more creatively by inspiring them with interesting and challenging art prompts and questions. *Invitation to Draw* offers 99 open-ended drawing prompts, each one proposing a question to investigate that encourages children to free associate and problem solve. The perforated pages make it easy to tear out prompts for on-the-go activities or allowing multiple kids to draw at the same time. A blank cake provides the chance to decorate a dream confection, an empty house inspires stories about who lives there, and a grid of triangles supplies the chance to explore abstract art. What might be hiding in that tree? What sort of robot can you design? The possibilities are endless! Drawing prompts inspire and encourage kids to

think and draw differently, and sometimes more creatively, than they might when faced with a blank page. By offering constraints such as a pair of eyes or an empty car and asking a question, children begin thinking about the possibilities and answering the question in their heads even before they put pen (or marker or crayon!) to paper. And through the act of drawing and observing the drawing unfold, the brain continues to think and problem solve, opening up all kinds of creative possibilities around that specific idea.
