The Fifth Revelation provides a reader-friendly introduction to a 2,000-page collection of material first published in 1955. Although The Urantia Book has never inspired an organized church or cult,

informal study groups can be found in virtually every city. This new book is for readers in search of benevolent religious beliefs that make scientific sense. Guiding them on a guilt-free spiritual journey through the universe, The Fifth Revelation presents the essence of the Urantia teachings in excerpts introduced by the author's commentaries. Organized for ease of reading and arranged topically from the origins of each to angels, human emotions, astronomy, prayers, and

eternity, this book stands on its own as a unique contribution to spiritual well-being in the 21st century.

This book presents a digest of what The Urantia Book says-the gist of it, the main outlines of the story. As such The Urantia Revelation: The Structure and Meaning of the Universe Explained will serve as an introduction and guide to The Urantia Book, or as simplified and accessible substitute for those wishing to know what was revealed in the fifth epochal revelation on Planet Earth. There is hardly anything more interesting.

Dieu est-il mort ? Non. Dans l'Évangile de saint Matthieu, le Christ a donné une prière qui répond parfaitement aux besoins de l'Humanité. Pour bien comprendre la signification de cette prière, il est nécessaire de connaître la constitution actuelle des êtres humains. C'est en cela qu'il faut rappeler que l'homme est un Esprit triple doté d'un Ego impersonnel et intra-cosmique au moyen duquel il apprend à gouverner un corps triple : son Identité divine. Alors, il devient naturel de comprendre que cela que l'on a

réifié de diverses manières dans le concept de Dieu, n'est rien d'autre que la Vie elle-même : une myriade de formes. Ô ! Vie, « tu es pour l'être la santé, l'activité, la force ; tu es pour l'âme l'aliment nourricier, l'afflux divin, le guide souverain ; tu es pour l'esprit l'étincelle divine qui le rend conscient de sa sublimité ; tu es le courant qui le relie à Dieu et qui lui transmet Ses ordres et Ses messages. Vie, tu es aussi l'Esprit absolu qui descend dans toute manifestation perceptible à nos sens ; Vie, tu es l'eau, le feu, l'air, la lumière, tu es tout ce qui existe, tout ce qui devient, tout ce qui meurt, tu es le Souffle de Dieu, Son soupir et Son sourire ». Énigme il y a : Comment se fait-il que l'amour humain reste si impuissant, larvé et lové malgré le rayonnement réfléchi de l'Amour ?

The Urantia Book Workbooks Armand Colin

This book is dedicated to any seeker, who desires not only to understand more about the meaning of Life, but to integrate it well to make a concrete positive impact in his experience here on Earth, as he progresses. It is dedicated to those who would like a tool to propel their own self-realization. In this book, you will find the

guiding line of Pierre Dubuc's career, the evolution of his approach of spiritual regression over more than forty years. You will read how he knew how to bring more and more people throughout his life to walk towards obtaining increased well-being in all spheres of human experience, by supporting them in sessions allowing them to expand their consciousness for a better understanding of who they are and their relationship with the Source of Life, and this, through the exercise of their free will. You will learn how, through these accompaniments for more than four decades, he came to receive light guidance and develop the program of the Genesis of our Energy into Matter from our Spirit (GEMS), which is accessible to everyone wishing to achieve more global self-realization for a better life experience. This book thus leads to presenting you with a program of twelve sessions, very concrete, precise, effective, structured, on which you can find more information here: [soulregression.com](http://soulregression.com). This book also discusses the interdimensional aspect of the soul. Specifically, it deals with the reality that some souls have had experiences in higher planes of

consciousness before incarnating on Earth. At this level, the author focuses on the beneficial aspects of reconnecting and reactivating our soul knowledge and experiences in a place of higher consciousness called "The Pleiades". The program available here allows you, if you feel called, to move quickly in releasing the energies underlying the experiences that contrast with your well-being and what the center of your heart and consciousness really desires to do here in your life on Earth. In doing so, the program supports reintegrating, in all your being and all your dimensions, more of your Source energy, and being able to benefit from this fact from a more satisfying experience of life. The program in spiritual regression, presented in this last book that Pierre Dubuc wrote before leaving the body, is truly a gift of opening of consciousness.

The afterlife is open to all persons, religious or non-religious, from all over the world. Our destiny, after this short life is over, is conditioned only by our "spiritual longings and purposes." It is not determined by believing in a correct creed or dogma or by saying the correct words. Rather, we will pass on to the afterlife if we have the faintest desire to know more of God, more of truth, beauty, and goodness. This is a teaching found in The Urantia Book that purports to be a revelation to Earth, which the authors call Urantia. The present book is a brief introduction to The Urantia Book, a complex tome of over 2,000 pages. The Urantia Book claims to have answers to

such timeless questions as: What happens to us when we die? Is there a heaven; if so, what is it like? Is God really love? Has God really set aside a hell in which people who reject him are punished? How do we get to heaven? How did Earth become such a confused and troubled planet? How do we move forward? What is the origin of human life? Many, many more teachings are found in The Urantia Book, including teachings by Jesus that we've never heard before. In this book, you will find explanations from The Urantia Book that clear up misconceptions of God, some of Jesus' teachings, the nature of the universe and the afterlife; misconceptions which have often caused confusion, heartache, and irrational fear in people all over the world.

*The Urantia Book Workbooks* Chicago  
Published in 1955 under the direction of psychiatrist William Sadler, The Urantia Book is the largest and most sophisticated work of New Age literature ever produced. This massive tome of over 2,000 pages is believed by devotees to be a revelation to our world, which is allegedly called Urantia in the language of the unseen higher beings credited with inspiring the book.

Unlike other channeled bibles, The Urantia Book contains a vast amount of modern science as well as an extensive biography of Jesus Christ, filled with details not found in the Gospels. Well-known skeptic and acclaimed popular science writer Martin Gardner presents a complete history of the Urantia movement, from its beginnings in the early 20th century to the present day. In addition to providing an outline of the Urantia cult's worldview, Gardner presents strong evidence to establish the identity of the man whose trancelike orations formed the basis of the book. Gardner also analyzes the flaws in Urantian science and points out many instances of plagiarism in various sections of the book. In a new postscript to this paperback edition, Gardner details recent developments in the Urantia movement, corrects some errors in the original edition, and responds to critical reactions from Urantia believers to his skeptical perspective on the book and the movement. Although there are other histories of The Urantia Book, this is the only one written by a skeptic. Anyone interested in the New Age, cults, or the development of new religions will find

much fascinating material in Gardner's thorough overview. Martin Gardner, the creator of Scientific American's Mathematical Games column, which he wrote for more than twenty-five years, is the author of almost one hundred books, including *The Annotated Ancient Mariner*, *Martin Gardner's Favorite Poetic Parodies*, *From the Wandering Jew to William F. Buckley Jr.*, and *Science: Good, Bad and Bogus*. For many years he was also a contributing editor to the *Skeptical Inquirer*.

The Story of Everything Balboa Press  
THE STORY OF EVERYTHING is the perfect introduction to THE URANTIA BOOK, a monumental revelation that was first published in 1955. The original text, over two thousand pages long, includes 196 papers that describe the nature of God, the structure of the universe, the hierarchy of angels, life after death, life on other worlds, man's origin and destiny, evolution, the history of our planet, and the life and teachings of Jesus. For those who seek a summary of these teachings, Michelle Klimesh has distilled them into a

compact volume that retains the vast scope of the original while omitting much of the detail.

The Urantia Book Fifth Epochal Fellowship  
On nous dit que nos contemporains sont de plus en plus individualistes, et c'est sans doute vrai : obsession de l'apparence physique, de l'équilibre psychique, du développement personnel, quête du bien-être et d'un bonheur égocentré. Mais, dans le même temps, nous ne nous sommes jamais autant préoccupés du monde, du monde dans son ensemble, au-

delà de toutes les frontières : conscience écologique, développement durable, dialogue des cultures, action humanitaire. L'individuel d'un côté, de l'autre le global. Deux pôles apparemment inconciliables comme l'huile et l'eau, qui sont pourtant magiquement mêlés dans les consciences contemporaines. Ce mélange paradoxal a donné naissance à la religion dominante de notre temps, l'individo-globalisme, qui imprègne tous les domaines de la vie humaine : la santé, la politique, le sport, l'éthique, et même l'entreprise. Elle consacre l'authenticité, le naturel, le ressourcement, l'énergie et s'accompagne de pratiques (nouvelles, même si elles ont parfois des origines anciennes), telles que le yoga, la sophrologie, le qi gong, la méditation. Cette foi nouvelle est en train de changer, silencieusement, notre monde. D'imposer un nouveau rythme de vie, de nouvelles règles du jeu. C'est ce changement insidieux mais radical que cet essai se propose de décrire et d'expliquer. Raphaël Liogier est professeur à l'Institut d'études politiques d'Aix-en-Provence où il dirige l'Observatoire du religieux.
