Covers 1690 to the present.

Travelling In and Out of Italy Cambridge Scholars Publishing

The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of

works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

**Echoing Voices in Italian Literature** casa editrice Fernandel  
 Since publication over ten years ago, *The Translator's Invisibility* has provoked debate and controversy within the field of translation and become a classic text. Providing a fascinating account of the history of translation from the seventeenth century to the present day, Venuti shows how fluency prevailed over other translation strategies to shape the canon of foreign literatures in English and investigates the cultural consequences of the receptor values which were simultaneously inscribed and masked in foreign texts during this period. The author locates alternative translation theories and practices in British, American and European cultures which aim to communicate linguistic and cultural differences instead of removing them. In this second edition of his work, Venuti: clarifies and further develops key terms and arguments

responds to critical commentary on his argument incorporates new case studies that include: an eighteenth century translation of a French novel by a working class woman; Richard Burton's controversial translation of the Arabian Nights; modernist poetry translation; translations of Dostoevsky by the bestselling translators Richard Pevear and Larissa Volokhonsky; and translated crime fiction updates data on the current state of translation, including publishing statistics and translators' rates. *The Translator's Invisibility* will be essential reading for students of translation studies at all levels. Lawrence Venuti is Professor of English at Temple University, Philadelphia. He is a translation theorist and historian as well as a translator and his recent publications include: *The Scandals of Translation: Towards an Ethics of Difference* and *The Translation Studies Reader*, both published by Routledge. *Littérature et histoire dans un roman de la "Scapigliatura"* Fairleigh Dickinson Univ Press .....Tant'è: non poteva prestar fede a me stesso:

tornai a rileggere quella lettera: «Ho il cuore teneramente commosso. Da un giovine ufficiale che ti conosce, al quale ho offerto ospitalità nella mia famiglia, ho inteso che tu sei a...., a venti miglia di qui, e sulle mosse per recarti in Francia. Questa notizia mi ha tutto agitato. Sono sette anni che non ti vedo. Potrò ora abbracciarti? Mia moglie, i miei figli ti attendono; non sono più solo: la fortuna ha collocato un abisso tra la mia vita passata e la mia vita attuale; ma per quella misteriosa attrazione che l'uomo ha poi sempre verso il dolore, io desidero di rivivere te nel passato; fosse un'ora soltanto, tu non negherai questa in...

*Modern Italian Literature*  
Routledge

The volumes in this set, originally published between 1991 and 1993, draw together research by leading academics in the area of translation, and provide a rigorous examination of related key issues. The volume examines the concepts of translation as social action, socio-cultural translation, translation theory, gender and psychology in translation. This set will be of particular interest to students and practitioners

of linguistics and literature, and those working as translators.

**Drafting Italy** Routledge  
In this book, author David Del Principe asks whether unspeakable truths in their works kept an entire generation of nineteenth-century Italian writers known as the "scapigliati" at the margins of Italian literary life and sparked critics to deride the movement known as Scapigliatura. It is coincidental that issues and themes submerged in their graveyard poetics - physical and psychic transference, sexual identity, vampirism, the supernatural, androgyny, and decadence - have become controversial at the turn of another century while literary and cultural interest in Scapigliatura has reemerged? Scapigliatura, the term that Cletto Arrighi chose to characterize the literary movement led by Ugo Tarchetti, Carlo Dossi, Emilio Praga, Camillo and Arrigo Boito, Giovanni Faldella, Giovanni Camerana, and others, took place in Milan and Turin in the 1860s and 1870s. As social and political visionaries, the "scapigliati" acquired reputations as consummate

anticonformists, lacing their works with protests against capitalism, Catholicism, and militarism, and living in perpetual conflict with a prospering bourgeoisie. A desperate resolve to flee from cultural, sociopolitical, and literary strangulation instilled an apocalyptic vision and an affinity for self-destruction in the scapigliati. In fact, several of them lived relatively short lives, and Tarchetti's own tormented life has come to exemplify the anguish of the era of Scapigliatura. Although these artists are loosely grouped as a literary movement, the influence of Scapigliatura has been rightfully confirmed in Decadent fin de siècle literature and, arguably, in the twentieth-century historical avant-garde.  
Una nobile follia  
Routledge

"Una Nobile Follia" è la storia di Vincenzo D., orfano artista e soldato contro la sua volontà, strappato alla vita e all'amore dall'esercito per andare a combattere una battaglia non sua. L'orrore della guerra, la violenza dell'uomo sull'uomo e la crudeltà di un sistema che obbliga ad uccidere contro ogni convincimento morale del singolo porteranno il protagonista

a una trasfigurazione totale e a un catartico sacrificio finale. Pietra miliare dell'anitimilitarismo e della disobbedienza civile, questo libro è ancora oggi di una forza indicibile, non solo per il crudo realismo delle scene di battaglia, ma anche per la lucida analisi e l'argomentato elogio della diserzione. Testo fondamentale della Scapigliatura impegnata, viene oggi riproposto da Ellera Edizioni in un'accurata versione ebook.

*Una nobile follia*

Routledge

This collection of essays explores the reception of classics and translation from modern languages as two different, yet synergic, ways of engaging with literary canons and established traditions in 20th-century Italy. These two areas complement each other and equally contribute to shape several kinds of identities: authorial, literary, national and cultural. Foregrounding the transnational aspects of key concepts such as poetics, literary voice, canon and tradition, the book is intended for scholars and students of Italian literature and culture, classical reception and translation

studies. With its two shifting focuses, on forms of classical tradition and forms of literary translation, the volume brings to the fore new configurations of 20th-century literature, culture and thought.

**Hearing the Crimean War** Edizioni Lindau

This book assesses the pivotal role played by the concept of beauty in Italian literature and language in the construction of the Italian national identity.

**Performing Bodies**

Cambridge Scholars Publishing

This book examines how in Italian literature and film, as well as in society, women were confined to traditional roles and illness often represented the consequence for transgressing those roles. Feigning illness offered women a way to "own" the illness and become masters of their bodies as well as their stories and destinies.

**Voglio morire! Suicide in Italian Literature, Culture, and Society 1789-1919**

Cambridge Scholars Publishing

What does sound, whether preserved or lost, tell us about nineteenth-century wartime? *Hearing the Crimean War: Wartime Sound and the*

*Unmaking of Sense* pursues this question through the many territories affected by the Crimean War, including Britain, France, Turkey, Russia, Italy, Poland, Latvia, Dagestan, Chechnya, and Crimea. Examining the experience of listeners and the politics of archiving sound, it reveals the close interplay between nineteenth-century geographies of empire and the media through which wartime sounds became audible--or failed to do so. The volume explores the dynamics of sound both in violent encounters on the battlefield and in the experience of listeners far-removed from theaters of war, each essay interrogating the Crimean War's sonic archive in order to address a broad set of issues in musicology, ethnomusicology, literary studies, the history of the senses and sound studies.

**Drammi della vita militare** University of Texas Press

Travel has often been taken as a metaphor for human life, and the concept of travel and the traveller has varied across centuries, cultural traditions, and social groups. Following a

diachronic overview of travel writing, this study considers some of the most important Italian writers of the late nineteenth and twentieth-centuries, such as D'Annunzio, Pirandello, Svevo, with particular focus on their note-books, letters, travel diaries, and reportage. An analysis of this material indicates that these authors collect their miscellaneous notes, in some cases, as private and personal documents, and in other instances to possibly develop future articles, essays or novels. It goes on to focus on the journey par excellence, the trip to America, regarded as an Eden. In many of their works, writers such as Ojetti, Giacosa, Cecchi, Piovene express their ambivalence towards a place often idealized as a land of freedom and opportunity, yet also acknowledged as a land where oppression and violence are all too real. The study attempts to demonstrate how all the traveller-writers discussed "translate" their sense of discovery in their books, and the extent to which that sense affects the conception of each of the texts.

**Storia Della  
Letteratura Italiana**

Polity

The theme of suicide was of paramount importance in Italy in the long nineteenth century, from the French revolution to the outbreak of World War I. A number of writers, intellectuals, politicians, and artists wrote about suicide, and a very high number of people killed themselves, for several reasons. There were suicides for love and for homeland, suicides for despair, and suicides for ennui. In Italy, once a very traditional, Catholic country, where suicide was very uncommon and rarely treated as a subject of moral theology or literature, it suddenly became extremely widespread. This book provides the first interdisciplinary account of this phenomenon, taken from several angles, including literature, the arts, politics, society, and philosophy, as well as sociology. Its authors rank among the best international specialists on suicide, and the figures dealt with include major intellectuals and writers such as Ugo Foscolo, Emilio Salgari, Giuseppe Pellizza da Volpedo, Giacomo Leopardi and Carlo Michelstaedter.

Publisher description

*Italy and the Military*

Springer Nature

The Criminal Crowd and

Other Writings on Mass

Society is the first

collection in English of

writings by Italian jurist,

sociologist, and cultural

and literary critic Scipio

Sighele (1868-1913). In

post-unification Italy and

internationally Sighele

was an important figure in

contemporary debates on

such issues as popular

unrest, the problematic

borders between

individual and collective

accountability, the role of

urbanization in the

development of

criminality, and the

emancipation of women.

This volume draws an

intricate portrait of a

provocative thinker and

public intellectual caught

between tradition and

modernity in fin de siècle

Europe. It features new

English translations of

Sighele's seminal work,

*The Criminal Crowd*, along

with a selection of his

later studies on

criminality and on

individual and group

behaviour. Nicoletta Pireddu's introduction and annotation provide valuable context and insights on Sighele's contribution to the emerging field of collective psychology, on his relationships with his predecessors Cesare Lombroso and Enrico Ferri and with his French rivals Gustave Le Bon and Gabriel Tarde, and on the significant scientific, literary, and cultural developments of his time. [Routledge Library Editions: Translation](#) Taylor & Francis

This book sheds new light on the role of the military in Italian society and culture during war and peacetime by bringing together a whole host of contributors across the interdisciplinary spectrum of Italian Studies. Divided into five thematic units, this volume examines the continuous and multifaceted impact of the military on modern and contemporary Italy. The Italian context offers a particularly fertile ground for studying the cultural impact of the military because the institution was used not only for defensive/offensive purposes, but also to unify the country and to spread ideas of socio-cultural and technological

development across its diverse population.

**Una nobile follia** Ellera Edizioni

This is the first comprehensive history of conscription and the military in Italy from the Restoration to the eve of WWI. The comparative and transnational approach enables this work to compare and contrast the Italian experience with that of many other countries in the world as well as understand transfers and the adaptive and imitative processes that emerge when conscription and the military are viewed from an Italian perspective. Peacetime and wartime recruitment, military life, culture, justice and civil-military relationships are analysed using a wide range of sources and an interdisciplinary approach that combines top-down and bottom-up perspectives. This enables the book not only to assess the contribution the military has made to the country in terms of state-building, nation building, modernization, pedagogical and disciplinary models, gender identity and roles, but also to reconsider the standard taxonomies as well as some established evolutionary models of

the armies. Moreover, the Italian military is seen as an internally complex world that is incapable of defining its own one-dimensional identity or of imposing any such identity on its members. Consequently, it is an element in the history of a country that is substantially the same as any other such element and thus important in people's collective and individual lives whether or not they are in uniform. Rather than being an object of study in and of itself, the military becomes a vantage point from which to observe the Italian history in the long 19th century. Therefore, this book can be profitably read by professional military historians and non-specialist readers interested in the military, as well as by all scholars working on Italian pre- and post-unification political, institutional, socio-economic, cultural and gender history. [Encyclopedia of Italian Literary Studies](#) BoD - Books on Demand

Originally published in 1992 Rethinking Translation makes the translator's activity more visible by using critical theory. It examines the selection of the foreign

text and the implementation of translation strategies; the reception of the translated text, and the theories of translation offered by philosophers, critics and translators themselves. The book constitutes a rethinking that is both philosophical and political, taking into account social and ideological dimensions, as well as questions of language and subjectivity. Covering a number of genres and national literatures, this collection of essays demonstrates the power wielded by translators in the formation of literary canons and cultural identities, and recognises the appropriative and imperialist movements in every act of translation.

Hommages à Jacques Petit Rowman & Littlefield  
Se in anni recenti la Scapigliatura è stata oggetto di una prudente rivalutazione, Igino Ugo Tarchetti attende ancora un adeguato risarcimento. A esso provvederanno di certo quei lettori che lo sapranno leggere fuori dagli schemi delle storie letterarie. Perché Tarchetti è autore di frontiera, capace di dispiacere in pari tempo a tutti i contendenti dell'agone critico. Intriso fino al midollo di cultura romantica non provinciale, ma già presago della temperie decadente ormai alle porte, lo scrittore dà forma in questi racconti a tre figure di musicisti diversamente segnati dal

marchio di elezione del genio creativo. La loro arte - inestricabilmente connessa all'amore, che è soprattutto vagheggiamento di una bellezza disincarnata - li condurrà fatalmente alla follia e alla morte. E d'altra parte, sullo sfondo di queste pagine arditamente composte, si delinea un complesso di soggetti e motivi che ancora accrescono il nostro interesse: dalla polemica contro il melodramma alla lettura della musica come arte suprema, e più insidiosa, perché incorporata, alle riflessioni sulla memoria, fino alle scandalose tirate misogine, che della donna rinviano però, per rispecchiamento, un concetto di elevatissimo tenore.
