100 Ultimate Smooth Jazz Riffs for Flute Catalog No. ADG223 Author Andrew D. Gordon Publisher A.D.G.

Productions With the continued worldwide success of the book series Ultra Smooth Jazz Grooves that I co-authored with sax player Frank Villafranca based on compositions that we wrote for our band The Super Groovers, I have now authored this series of Smooth Jazz books for the following instruments: Piano/Keyboards, Guitar/Bass, Flute, Clarinet, Violin, Tenor and Alto Saxes, Trumpet and Trombone. Smooth Jazz covers a wide variety of different styles and I have combined elements of Jazz, Rock, Pop, Blues, Latin, Gospel, Funk and R&B, Classical, Folk, New Age styles into the examples in the book.

Smooth Jazz" is a genre of music that is predominately instrumental, usually very melodic in nature and in most cases features some

jazz improvisation. and is usually performed at a medium tempo and tends to feature piano /keyboards, saxophone, trumpet, and guitar as the most common lead instruments playing the melody. Most Smooth Jazz is well produced and has memorable melodies over a backdrop of multiple tracks of rhythm instruments, keyboards, guitar, strings, synth pads, drums and percussion. Each riff has been recorded with the solo melodic instrument along with a rhythm backing track of guitar, keyboards/synths, bass, drums/percussion followed by just the backing tracks for you to practice with. Also included are backing tracks playing the chord progression through 10 times giving you extended time to practice your improvisational skills using the riffs in the book and developing them into your own style.

Internationally renowned authors, musicians and recording artists, Frank Villafranca and Andrew D. Gordon of The Super Groovers have composed a collection of grooves and melodies in the Smooth Jazz Genre creating an exciting supplemental jazz study series for beginner, intermediate and advanced jazz students and musicians. After releasing their first CD "Supergroovin", which received world wide airplay, they recognized a need in the music publishing business for a series of books on contemporary improvising within the "Smooth Jazz" genre. Andrew composed and recorded all the rhythm tracks used in this book. In their opinion, the melodies were so catchy they couldn't resist developing them into completed songs. "Mainline Connection", "Villefranche-sur-Mer" and "You're The Only One In My Life", are a few featured on their second CD, "Mainline Connection". Their CD's or mp3 downloads are available from iTunes, Amazon.com, CD Baby. The smooth jazz grooves in this 50 page book

feature a variety of contemporary rhythm section styles including R&B, Jazz, Funk, Top 40, Rock, Gospel, Hip Hop and Latin. These stylistic influences are frequently associated with smooth jazz. Popular artists in this genre include, The Super Groovers, David Sanborn, Eric Marienthal, Kenny G, David Benoit, Dave Koz, Tom Scott, Gerald Albright, Candy Dulfer, Wilton Felder, Boney James, Chris Botti, Chuck Mangione, Sade, George Benson, Peter White, Lee Ritenour, Earl Klugh, Larry Carlton, Jeff Lorber, Brian Culbertson, George Duke, Paul Hardcastle, Joe Sample, Spyro Gyra, Pat Metheny, Four Play, The Yellow Jackets and The Rippingtons. We suggest that you become acquainted with as many of these artists as possible by purchasing their CD's or mp3's via retailers such as itunes or Amazon.com On each of the 20 tracks, the groove is separated into 3 melodic ideas. Each melodic idea (example or riff) is played first, by the trombone with the groove, followed by just the rhythm section groove, without the trombone. The 1st example is usually the easiest, the 2nd slightly

harder and the 3rd the most difficult. Versions for each groove are available as midi files or extended MP3 files where the rhythm tracks for each groove are recorded for approximately 2 minutes. *Authentic Jazz Play-Along -- It Don't Mean a Thing* Outskirts Press
